PADUCAH, KY., TUESDAY EVENING, MAY 12, 1908

TEN CENTS PER WEEK

## ATTACK PADUCAH NEXT FALL PLAN OF NIGHT RIDERS

Agitation and Organization  
Under Way Preparing For  
Overrunning Purchase

Upset by Prosecutions in Callo-  
way County.

### WHERE NIGHT RIDERS MET

That three lodges of night riders have been installed in McCracken county, and that it was planned to attempt an attack on Paducah next fall, throwing a sufficient number of men across the Tennessee river into Calloway county the day before the attack to make the invading forces overwhelming, was the startling information given out by Sanford I. Hall, the spy on the night riders, who joined the organization to secure information. Mayfield was to have been taken when a sufficient force had been organized in the vicinity to do the work and protect the raiders from successful prosecution in the local courts. The work of organization and agitation in the Calloway county prosecutions, was the preliminary to overrunning Caldwell, Trigg, Christian, Crittenden and Lyon counties. Now the authorities have the name of practically every man in the night rider organization, and the founder and commander in chief, a native of Caldwell county, is well known to the state authorities.

Authorities now are convinced that within a year the night rider organization will be broken up effectually.

When it was remarked that there was no excuse for attacking Paducah tobacco markets, because the buyers had agreed not to purchase any pledged tobacco, a Hopkinsville citizen said that was exactly the state of affairs that preceded the Hopkinsville raid. Time after time raids were directed toward Hopkinsville, and finally a public meeting was held by tobacco growers at which it was stated all they asked was for buyers to agree not to purchase pledged tobacco. A committee waited on the buyers and they agreed and kept their agreement. That quieted suspicion and vigilance was relaxed. When the night riders did go to Hopkinsville, no one was on guard.

In Caldwell and Trigg and Lyon counties Night Rider lodges met at school houses. In Calloway county they used the lodge rooms of a certain secret order. The night rider lodges east of the river are named for the schools where they meet. Three lodges compose a "Silent Brigade" with a colonel in command.

When a raid is planned men are sent into the town a few days ahead, and if all is well the night of the raid the spies meet the main body with a white flag.

The force is divided into as many squads as there are points to be guarded, according to the plans of the spies, and over each squad is a leader. The white scarf is worn over the right shoulder and the leaders wear them crossed in front.

### Hall a Spotter.

Hall's particular work in the lodge was to "spot" men, who talk too much. He did his work well and learned all there was to know about all the night riders in the course of his occupation. Then he "turned them up," and there is little left for the authorities to learn about night riders.

Hall appeared before a grand jury in a county east of the Tennessee river to tell about a raid on a town and a whipping, and when he got tired of answering questions, he suggested that the sheriff in charge of the grand jury be put on the stand, as he held the lantern while the whipping was going on, and the foreman also was present. The other members were all night riders.

Hall said people rode from Trigg and Lyon counties across Trigg and part of Christian to take part in the Hopkinsville raid. He said they could ride part of the way in daylight in their Night Rider regalia as every man, woman and child they would pass would be a night rider.

### Hall a Soldier?

While here Hall has been staying with the soldiers. He is not registered at the hotel, and when he talks there are soldiers all around, apparently as interested in his recital as anyone else, and when he gets too frank a sergeant coughs. A man from Calloway county said he recognized Hall as one he saw in a soldier's uniform at Murray. Hall says he will not go back to Lyon county to live and he will work in sight, but neither he nor any of the soldiers would admit that he is a member of the national guard.

## Doctors of Southwest Kentucky Meeting in This City to Discuss Topics of Interest to Profession

Session of Medical Association  
is Called to Order at City  
Hall This Morning—The  
Program.

Executive fees were not down for discussion on the program of the Southwestern Kentucky Medical association, which met in the council chamber of the city hall this morning at 10 o'clock, but many of the doctors were keyed up to forcible orations on that subject. Secretary C. E. Purcell has discharged his duties so well that the members were called on to pay all their dues to the association for which they were in arrears. Much good-natured grumbling was occasioned by the secretary's hunt in the dusty old records of the association for back dues, as the visiting physicians did not relish paying out five dollars, more or less, of the money they probably had expected to use in "seeing the sights."

As a consequence of Secretary Purcell's good bookkeeping, the treasury of the association presents a better showing on the first day of the annual meeting than it has ever shown. It remains to be seen what effect his conscientious course will have on his chances for re-election to the secretaryship when the election of officers comes up tonight just preceding the banquet at the Palmer House.

### Thirty-Eighth Meeting.

This is the thirty-eighth annual meeting of the association and the attendance is up to par. The banquet which always takes place on the evening of the first day of the meeting, draws a good opening attendance. Several prominent specialists are here or will arrive today from Chicago, Louisville, Nashville and other points to give clinics or lectures. Drs. O. T. Freer, Chicago; H. S. Haynes, Louisville; R. E. Fort, Nashville; T. Hunt Stucky, Louisville; M. C. Mettman, Nashville; G. A. Hendon, Louisville; Sweeney, Louisville, and D. G. Erickson, Hopkinsville, are among the physicians not members of the association on the program.

Aside from the regular program, the election of officers tonight is the principal interest. Dr. V. A. Stibbey, the president, opened this morning's session and will preside until his successor is elected. Paducah has not had the presidency for several years and is entitled to it, but Dr. B. P. Earle, of Dawson Springs, is most prominently mentioned for the place. He has the support of many Paducah doctors. For secretary, Dr. C. E. Purcell is strong in the race, as is Dr. E. R. Earle. The vice presidencies will

## ELEVEN MEN OF TRIGG AND FIVE MEN OF LYON ARRESTED FOR WHIPPING FOLKS

County Officers of Bracken  
Declare They Fear No Clash  
With Troops.

Calh, Ky., May 12. (Special.)—J. G. Cossey and C. S. Colson, accompanied by General Williams and six soldiers arrested and swore out warrants against five Lyon county men and 11 Trigg county men, charging them with whipping Cossey and Colson. The sheriff is serving the warrants.

Augusta, Ky., May 12. (Special.)—In the vicinity of Powersville Sunday one of the soldiers, Private Green, became belligerent and fired a gun, frightening women and children. Deputy Sheriff Robertson presented a warrant to Lieutenant Bell and demanded that he turn the soldier over to the authorities for trial. Lieutenant Bell replied that Green was under arrest and would be tried under military law. County officials informed Bell that unless he delivered Green to the sheriff they would summon enough men to take him by force. Soldiers suddenly were called out of the town to prevent a clash this morning, but citizens are angry and trouble is feared today.

Augusta county officials deny there is danger of a clash with troops and will not try to take the soldiers away.

More Soldiers.  
Frankfort, Ky., May 12. (Special.)—Sixty more soldiers were ordered to Bracken county.

Alleged Night Riders Arrested.  
Nashville, Tenn., May 12.—Four night riders, James Yarbrough, Bud Brandon, John Darnell and Marlon Thompson, were arrested at Tiptonville yesterday. Darnell confessed

be changed but little interest is manifested in these offices. Dr. C. H. Brothman, the treasurer, will probably be re-elected as usual.

Mayor James P. Smith approved of the association in his address of welcome this morning and his expressions of good will were returned by Dr. W. W. Richmond, of Clinton, The Rev. S. B. Moore, of the First Christian church, gave the invocation. Dr. T. Sullivan and Dr. J. W. Blackard, of the Methodist church, were interested auditors. The session was late in opening and several papers were not given in the absence of the authors. Paducah physicians dropped in between calls. The annual meeting will extend through Wednesday afternoon. Tonight the place for the semi-annual meeting will be selected, probably some summer resort.

Only two papers on the program for this morning were given the one by Dr. James H. Leitcher, of Henderson, being postponed owing to his failure to arrive in time, but the postponed papers will be read this afternoon or in subsequent sessions. Dr. E. A. Stevens, of Mayfield, read a paper on "The Absence of Opium as a Therapeutic," and Dr. G. S. Hearne, of Louisville, read a paper and gave a clinic, using late instruments in his work.

Committee reports and other routine business were quickly disposed of and many honorary members were elected, as well as new members within the limits of the association. A stereopticon lecture will be a feature of the evening session, to be given in the council chamber.

(Continued on Page Four.)

## CELEBRITIES ARE DINING AT WHITE HOUSE TONIGHT

Washington, May 12.—Forty-one governors, the justices of the supreme court and two cabinet officers and a dozen or more public men will dine with the president tonight at what is practically the preliminary meeting of the white house conference of governors. Nine presidential possibilities will sit together, Carnegie, Hill, Gompers and Mitchell also will be there.

### Tiltman in Sanatorium.

Washington, May 12.—Tiltman is here in a sanatorium. He declines to see callers. He will sail for Europe Saturday.

## SEEKS AID FROM GOVERNMENT TO STOP BLACK HAND

Robert Hollowell was recalled. He said he did not tell Miss Ella Knabb he did not know the men. He said Miss Knabb was in error in her testimony in saying she bought their window shades, as they were all shot to pieces.

He denied telling Huek Lacey, W. H. Hall and others he did not know who were in the mob, that his child did not leave the house. He told some of them he could not tell because he was afraid. He said he told George Pettit he recognized some of the mob, but could not tell their names.

Ernest Eastman said George Pettit, Jr., told him after the other trial that witnesses are not responsible for what they testify. Intimating their property would be burned should they tell what they know.

The evidence in the trial was closed at noon and Judge announced court would adjourn until 1 o'clock. A feature of the trial was the absence of character witnesses against the plaintiffs, the only attempt to impeach a witness being in the case of Sanford Hall, a confessed night rider.

### KENTUCKY DEMOCRATS

Frankfort, Ky., May 12. (Special.)—The Democratic state committee is called here for May 19 to select the time and place for the state convention.

### WILLIAM GOODALL

William Goodall, of the firm of William Goodall & Sons, of Cincinnati, a wealthy citizen, died last night at his home of old age. Mr. Goodall was 85 years old, and had one of the leading monumental works in Cincinnati. He leaves one brother, Mr. George Goodall, of this city, who left at noon to attend the funeral and burial.

## RINGS OF FINGER IDENTIFY BODY OF MRS. GUNNESS

Coroner's Physician Removes  
Most Doubt That Woman  
Perished in Home.

Another Scandinavian Left  
Home in Answer to Ad.

### LAPORTE'S HOUSE OF HORRORS

Laporte, Ind., May 12.—Coroner Physician Myer today found three rings on the fingers of woman taken from the ruins of the Gunness home, one plain gold and the others diamond. The gold ring is inscribed, "P. G. to J. S. August, 22, '94." One diamond ring inscribed, "P. S. to J. S. 3-5-95, P. G."

It is believed to be Philip Gunness, the woman's second husband. The discovery removes most of the doubt that Mrs. Gunness perished in the fire. It is reported Mrs. Gunness wore three rings. The rings were not found before, because the fingers were so badly charred the rings had sunk into the flesh.

A portion of the gold crown of a tooth was found in the ruins of the Gunness home. It is believed to be one of the three crowns Mrs. Gunness is known to have had in her mouth. The report to the coroner says the woman and three children evidently met death while in bed or preparing to retire. The body bore no marks of violence.

Kansas City, May 12.—Christian Hansen, a laborer, of Armondale, Kas., received a letter dated Laporte, May 1, signed by Mrs. Gunness, inviting him to visit her and bring \$1,000 in currency. The letter is believed to have been written by the woman and forwarded to Hansen through an agent.

### Some Evidence.

Laporte, Ind., May 12.—The Gunness farm failed to reveal any new mysteries but some progress was made in solving the puzzles already involved in the homestead which has witnessed the tragic death of at least 14 persons.

One important development was the statement of Charles Way, a pallbearer at the funeral of Peter S. Gunness, who told of how the widow had been absent from the ceremonies preceding the burial of her husband and asserted that it was subsequently learned that she had been in Laporte consulting an attorney regarding her possible arrest on the charge of having killed her husband.

William Brogski, who formerly worked on the Gunness farm, told of having dug several ditches at behest of the woman. He said she told him

## WEATHER.

Partly cloudy, with occasional showers Tuesday and Wednesday. Highest temperature yesterday, 70; lowest today, 62.

## Hollowell Case Goes to Jury This Evening—Evidence Concluded at Noon Today and Arguments Begin

Day's Proceeding Much Repetition of Last Trial, With  
Alibis and Character Witnesses.

### PARSONS DODGED.

As Circuit Clerk J. C. Parsons, of Livingston county, who had just arrived from Sutherland, reached Broadway this morning from the steps of C. C. Grassman's office, a woman caught and demanded if he were not Mr. Baffles. Mr. Parsons denied the charge, but the woman insisted: "Oh, come now, don't fool me. Didn't you just cross the street and dodge back here?" Mr. Parsons admitted going across and back, but he didn't dodge like a scoundrel, and he had to call a friend to identify him before the woman would let him go.

## HORRIBLE CRIME AGAINST LITTLE GIRL IS CHARGED

Charged with criminal assault on Ethel May Moore, colored, a little girl 8 years old, Frank Blow, a negro man 62 years old, was arrested by Patrolman C. D. Gilliam this morning at 3 o'clock and placed in jail. It is said that repeated assaults have been made on the little girl for a week, and she is considered in a serious condition. Blow denies the crime.

Patrolman Gilliam was passing the home of the child, 115 North Sixteenth street, this morning at 2 o'clock and he heard talking. He paused and listened and discovered something was wrong. A rap at the door and two negro women appeared. They said the child was sick, but Patrolman Gilliam saw she did not have fever and a questioning brought out the truth.

Blow leads a horse past the home of the child every morning to graze. The child's mother worked out in the mornings and the girl was left at home alone. Blow was arrested at his home and when taken before the girl and mother dealt the charge, but he was brought to the city hall by Patrolmen Cross and Gilliam. Blow's trial will be held tomorrow morning.

It is alleged the child was in fear, but when her mother promised not to whip her she told.

## DAYLIGHT BARS UNDER EXCISE IN CITY OF LINCOLN

Lincoln, Neb., May 12.—Nebraska City today started the daylight saloons. Saloons under excise commissioners' order remain open only from sunrise to sunset. Saloons will resist the order in court.

## NEW ENGINEER OF FIRE DEPARTMENT IS NOW DEMANDED

Hugh Edwards, engineer of the steamer at the No. 2 fire station, resigned last night at the meeting of the police and the commissioners and the fire department is without an engineer. However, the board gave Fire Chief Wood authority to employ a competent engineer until the next meeting. When Edwards accepted the position he did not want to take his turn at standing night watches, and the commissioners did not enforce the rule, but recently the engineer has been made to stand the regular night watch.

In the ordinance a licensed engineer is required to hold the position, and as only marine engineers are required to have a license it is difficult to fill the position. The council will be asked to amend the ordinance so that any competent engineer may fill the position.

Fire Chief Wood's request that a new floor be laid at the Central station was acted on favorably and paint will be allowed for the walls. Col. Richard Sutherland was present at last night's meeting for the first time in several months. Colonel Sutherland has returned from a trip to the coast.

## JOHNSON'S STORY SHOWS HIM MORE SINNED AGAINST

Wife Decamped Leaving Nothing  
With Which to Honor  
Draft.

He Was Model Prisoner on  
Way From Goldfield.

### BEGAN GAMBLING OUT WEST

Detective T. J. Moore returned from Goldfield, Nevada, yesterday afternoon with his prisoner, W. E. Johnson, who is charged with obtaining a diamond ring by false pretenses from A. Pollock. Johnson says he did not purchase the ring intentionally on a bad draft, and says he had \$9,000 in a bank in Atlanta at the time. If his story be true his wife is the cause of his arrest, and he has letters from her to verify his statement. Johnson was a model prisoner on the trip, and upon the request of the sheriff of Goldfield, Detective Moore did not use handcuffs.

Johnson's story is that his wife was in Atlanta and he had \$9,000 in bank. He made this over in her name so she could have money to spend during his absence. Last summer he saw the diamond ring on display and bought it, giving the jeweler a draft in exchange. From Paducah Johnson went to Evansville, and there he received a telegram that his wife had left with a man named Alexander and the \$9,000 was drawn from the bank. Over his trouble Johnson took to drinking and drifted west. He reached Goldfield, and in a gambling house had trouble with a stranger and was arrested through malice on a charge of obtaining money by false pretenses. The police in Goldfield learned that Johnson was wanted here, and he was held for three months while correspondence was kept up with Detective Moore to ascertain that Johnson was the right man.

Although Johnson was a prisoner, he was made a deputy jailer and was armed with a revolver and a stick to guard prisoners. For his services as guard he was paid \$5 a day, and was one of the bravest officers in Goldfield. Detective Moore read the warrant to him and he agreed to return without requisition papers, but the detective had these. The sheriff left the office when the papers were served and begged Johnson to return when he was out of the trouble here. Johnson was placed in jail and he has engaged counsel to fight the case. The trial will be held probably tomorrow. Detective Moore was gone twelve days. Johnson is a steamboat man, and among the rivermen around Paducah he has borne a good reputation.

## HALL INDICTED BUT OTHERS UNMOLESTED

The presence of the bench warrant from Lyon county for the arrest of Sanford I. Hall, star witness of the plaintiffs in the Hollowell case yesterday, was explained when it was learned that the Lyon county grand jury adjourned yesterday, after finding no true bills against alleged night riders exposed by Hall, but returning three indictments against Hall for bootlegging. All the alleged night riders in Lyon county were held under bond until the next grand jury.

### FINE HORSE LOST

The farmers of Lowes section who are in the Lowes Stock company, lost their blue coach horse yesterday. The horse was purchased by the farmers for \$2,000, and was one of the best in this part of the state. Drs. Farley and Fisher attended the horse, and it was suffering with osteoporosis, and there was no hope of recovery. The stock company had \$1,000 insurance on the animal.

### HUGHES' ULTIMATUM

New York, May 12.—Governor Hughes, in a letter says that under no circumstances will he allow his name to be used before the Republican national convention as a vice-presidential candidate.

## What Stove for Summer?

Nothing adds to kitchen convenience in summer weather like a New Perfection Wick Blue Flame Oil Cook-Stove. Anything that any stove can do the "New Perfection" will do, and do it better. Bakes, roasts, boils, toasts; heats the wash water and the sad irons, and does it without dissipating its heat through the room to your discomfort. The

## NEW PERFECTION Wick Blue Flame Oil Cook-Stove

actually keeps the kitchen cool—actually makes it comfortable for you while doing the family cooking, because, unlike the coal range, its heat is directed to one point *only*—right under the kettle. Made in three sizes, fully warranted. If not with your dealer, write our nearest agency.

The **Rayo LAMP** affords a mellow light that is very grateful to tired eyes—a perfect student or family lamp. Brass, nickel plated, hence more durable than other lamps. If not with your dealer, write our nearest agency.

STANDARD OIL COMPANY (Incorporated)

### DICK TOLBERT THINKS HE SHOT THE FUGITIVE.

Patrolman Dick Tolbert, of the Illinois Central force, fired two shots at an unknown negro yesterday afternoon, but after a lively chase the negro escaped. For several days the patrolmen have been looking for the man, and yesterday afternoon Patrolman Tolbert saw him in No. 7 in Huntington row making indecent remarks to school children. The policeman slipped around the house and

fired two shots at the negro, who ran across the carnival grounds. Employees of the show joined in the chase and followed him until Oak Grove cemetery was reached. It is thought that the second shot from Tolbert's gun struck the fugitive. DeWitt's Little Early Risers are small, safe, sure and gentle little pills. Sold by all druggists.

It isn't necessary to egg a hen on when she wants to set.

## DRAINAGE UNDER DISCUSSION AND RE-FORESTRATION

Preliminary Meeting at Washington to Discuss Internal Economy of Nation.

Big Map That Will Grace East Room of White House.

GOVERNORS MEET TOMORROW

Washington, D. C., May 12.—At the same time that President Roosevelt is conferring with the governors of the states and other prominent men at the white house on the preservation of the country's natural resources, another representative gathering will meet here to consider an allied subject—drainage. The annual convention of the national drainage congress began today, and a large attendance is expected. All the governors have appointed delegates, and the boards of trade and commercial organizations of all the large cities will send representatives.

The subject of drainage will undoubtedly play an important part in the white house conference, and the two meetings will co-operate in spreading the propaganda of the reclamation of swamp lands through scientific application of drainage.

Probably the most important question to be discussed at the conference of governors is that of forest utilization and preservation. A mass of data has been prepared by the forest service on the matter, and two mammoth detailed maps—probably the largest ever made in the United States by a mechanical process—have been rushed to completion. Without their frames, the maps measure 12 by 16 feet, and are to all practical intent, mammoth photographs. Each one represents the labor of fifteen men, working for six days and four nights. There was already a smaller map of this character at the forest service, and the two made for the white house conference are enlarged duplicates. The forest service map was divided into sixteen sections, and a photograph made of each. From these negatives enlargements were made to 12 by 16 feet. The sixteen prints were then assembled on a monster sheet of linen, and the whole made to "register" accurately.

The monster map was then turned over to draftsmen, who indicated by color the topographic features and "outlined" the whole. The two maps will be framed and set up in the east room at the white house on either side of the platform to be used by the presiding officer. They show graphically not only the forest covering of the country, but the irrigation work of the reclamation service.

**Five Projects.** President Roosevelt will have a good illustration to help in explaining what irrigation means. He can point to five irrigation projects now under construction. It will be demonstrated at the conference that these five projects will give high agricultural value to a total of nearly one million acres of land. The five irrigation projects are the Milk and Sun river projects, the Montana, the Shoshone in Wyoming, the Hello Poudre in South Dakota, and the North Platte in Wyoming and Nebraska.

The point that irrigation will solve the problems of floods and spring freshets is not founded on idle theory. The practice of irrigation is directly dependent upon storage of water. Every additional drop of water filtered from above the regular level of a stream and stored up in the irrigation reservoir means larger crops for the irrigated farms. And the reservoirs will take up the vast volume of water that starts out on a rampage to spread flood and destruction, before any damage can have been done.

All of the reservoirs for the five irrigation projects now being completed will exert an effect on the Missouri and Mississippi rivers. The Big Muddy may be clarified remarkably; flooding of southern levees ameliorated and conditions generally improved.

### PLANT BED SCRAPED

AND OFFICERS ARE PREPARING TO MAKE AN ARREST.

Negro Member of the Association the Victim—Happened in the Day Time.

Hopkinsville, Ky., May 12.—While Albert McTeys, a colored farmer, who lives about five miles from town on the Princeton road, was in town Saturday morning, some one went to his tobacco plant beds and ruined them by digging them up and scraping them with hoes. Before coming to town McTeys had gone out and looked over the beds, and both were in perfect condition at that time.

When he returned home at noon the damage had been done, and judging from the tracks left about the beds, two parties were implicated. One of these was barefooted.

McTeys came here and tried to secure bloodhounds with which to track down the miscreants, but on account of there not being any of these dogs here now, he failed. He reported the matter to Judge Prowse and the officials took the matter up at once with the result that sufficient evidence has been secured upon which to have a warrant of arrest, but the name of the party charged with the crime is being withheld by the officers until the arrest can be made. McTeys is a member of the Planters' Protective association and is a highly respected negro.

**WILLIAMS' KIDNEY PILLS.** Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you—at Druggists. Price 50c. Williams' Mfg. Co., Cleveland, O.

**SUCCESSFUL REVIVAL WAS CLOSED LAST NIGHT.** The Rev. T. J. Owen closed a successful meeting at the Guthrie Avenue Methodist church last night. During the revival there were 41 conversions and the church membership was increased 17. The music was an especial feature at the meeting. The Rev. Mr. Owen will leave Friday for Calvert City, where he will preach Saturday and Sunday.

**HEALTH AND VITALITY.** Mot's Nervine Pills. The great iron and tonic restorative for men and women, produces strength and vitality, builds up the system and renews the normal vigor. For sale by druggists or by mail, \$1 per box, 6 boxes for \$5. Williams' Mfg. Co., Cleveland, O.

Sunday School Teacher—"And you have no brothers or sisters?" Little Edna—"No, ma'am. I'm all the children we've got."

Kodol completely digests all classes of food. It will get right at the trouble and do the very work itself for the stomach. It is pleasant to take. Sold by all druggists.

**Notice of First Meeting of Creditors.** In the District Court of the United States for the Western District of Kentucky, in bankruptcy.

In the matter of the Paducah Glass company, bankrupt. To the creditors of the Paducah Glass company of Paducah, in the county of McCracken and district aforesaid, a bankrupt: Notice is hereby given that on the 24th day of May, A. D. 1908, the said Paducah Glass company was duly adjudicated bankrupt, and that the first meeting of creditors will be held at my office in Paducah, McCracken county, Kentucky, on the 22nd day of May, A. D. 1908, at 9 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may come properly before said meeting.

EMMET W. BAGHY, Receiver in Bankruptcy.

Paducah, Ky., May 9, 1908.

**HOW TO CURE SKIN DISEASES.**

Eczema, pimples, dandruff and itching skin diseases are of local origin and are caused by germs. In order to cure these diseases the germs and their poisons must be driven to the surface of the skin and destroyed. Salves and greasy lotions may give temporary relief, but they do not destroy the germs that cause the disease. A St. Louis chemist has discovered a clean vegetable liquid remedy that will draw the germs and their poisons to the surface of the skin and destroy them, leaving a nice, clear, healthy skin. This remedy is known as Zemo, and by its many remarkable cures has attracted the attention of the leading scientists and skin specialists of this country and Europe.

Zemo has been given the most cordial reception by the public of any similar remedy ever produced, and it is recognized as an honest medicine that makes honest cures.

Zemo is for sale everywhere. You can obtain a trial package free by writing to the E. W. ROSE MEDICINE CO., St. Louis, Missouri.

Mr. W. J. Gilbert has secured the agency for Zemo in Paducah and will gladly show you proof of some of the wonderful cures made by this remarkable remedy.

NO EXPENSE

To Be  
**Given Away**  
 Absolutely  
**FREE OF CHARGE**  
 One  
**\$375.00**  
**HAMILTON PIANO**

In addition to the above valuable and highly desirable FIRST PRIZE, we will give away a number of

## Credit Coupons

good on the purchase price of any new Piano, Player Piano or Piano Player in our warerooms,

518 Broadway, Paducah, Ky.

This is your opportunity to secure a fine piano absolutely free.

**WHY THIS OFFER IS MADE:** This extraordinary offer is made because of our desire to compile a mailing list of all the homes without instruments in our selling territory. Our experience has shown the value of this system, because, by its use we can secure the information desired more quickly and economically than we could by spending twice the sum by using solicitors and canvassers.

## The Baldwin Company

wishes every person in the United States to know that the line of pianos they manufacture — the Baldwin, Ellington, Hamilton, Howard, Valley Gem — are unequalled in tone, durability and workmanship. The awards of the Grand Prix, Paris, 1900, and the two Grand Prizes, St. Louis, 1904, are the highest ever made for piano excellence, and these are official confirmation of what everybody already knows of the wonderful superiority of the Baldwin product. No other manufacturer has ever received this recognition. We desire to indelibly impress these facts upon the mind of every one, and have, therefore, decided to submit this extraordinary proposition.

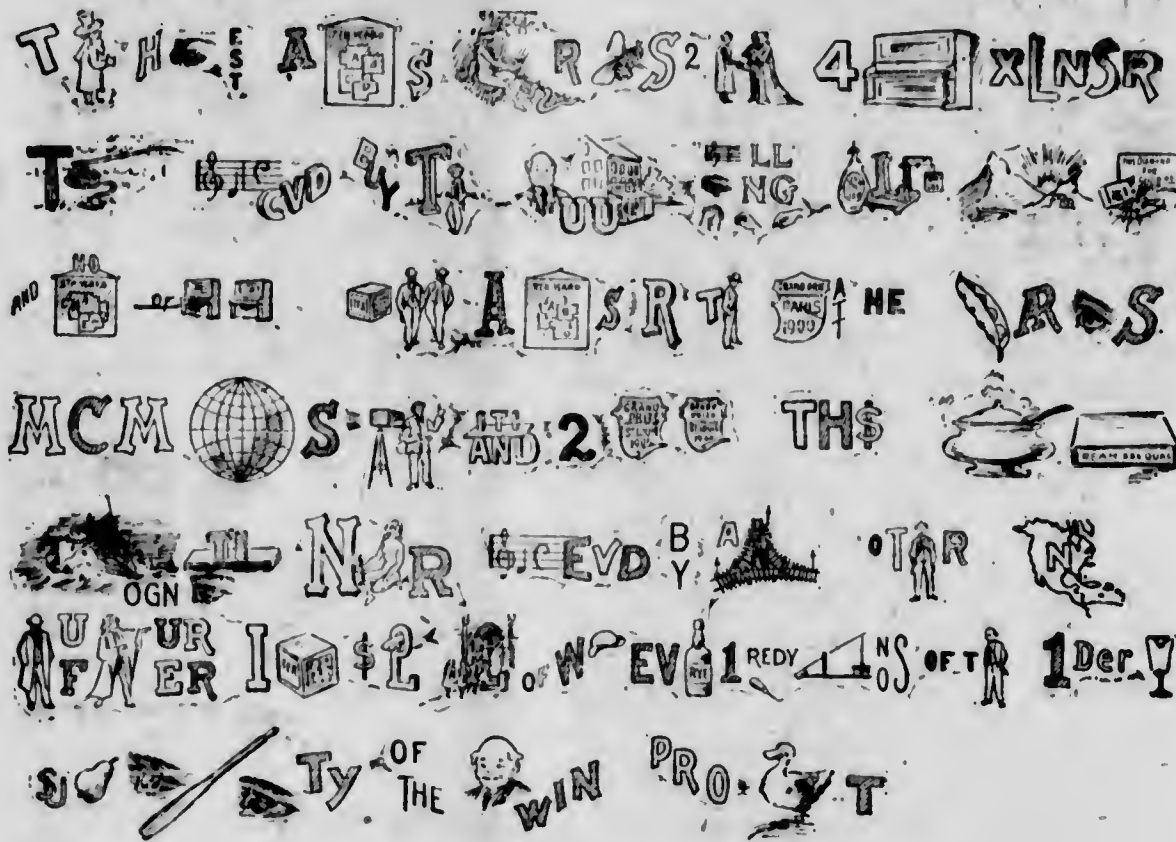

## What the Contest Is

This is a contest based upon the correct solution of the rebus puzzle shown herewith. All information be attached to the solution of the puzzle.

## Special Notice

We trust every one in the surrounding territory will participate in this contest, as no hampering conditions are attached and everybody has equal chances. There is no fee to pay or obligation of any kind incurred in entering the contest. We believe that this contest will surely contribute greatly to the encouragement and stimulation of interest in music, with all its refining home influences. Again we say—

**Don't fail to participate, as this is a golden opportunity**

For Solving This Puzzle

**W. T. MILLER & BRO.**

Factory Representatives

Will Give Away Absolutely FREE

**One \$375 Hamilton Piano**

And Other Prizes as Stated Elsewhere

## Information Blank

Please fill out this blank and write plainly. It is not necessary to use this particular form. We print this for your convenience, and you may use it or any other form desired.

Name .....  
 Date .....  
 Postoffice ..... Street and Number or Rural Route .....  
 Telephone number and what line ..... If under age, give father's or mother's initials .....  
 Have you a Piano or Organ ..... If so, what make or how old? .....  
 If possible, give us below the names of two of your neighbors whom you have reason to believe would consider the purchase of a Piano or Player.

## Rules Governing Contest And Awards

The envelopes containing the solutions of the Rebuses as submitted by the contestants will be opened for record a short time previous to the date on which the awards are to be made. The answers will then be examined in the presence of three impartial judges, gentlemen of the highest integrity and who are in no way connected with the music industry, whose decisions will be final and irrevocable.

To the person being within assigned territory submitting the correct or nearest correct solution we will present absolutely free of charge the beautiful \$375.00 Piano.

The other contestants in their order of merit will be presented credit coupons as follows: 15 at \$75 each, 20 at \$70 each, 25 at \$65 each, 30 at \$60, 40 at \$55, 50 at \$50 each. These coupons will be accepted by us upon the terms stated as that much credit on any new piano manufactured by us at its regular selling price.

Should there be more than one correct answer, or should two or more be in being correct or nearest correct in their solutions, awards will then be made upon penmanship and general neatness and completeness of contestants' papers.

If you are fortunate in getting one of these credit coupons and already have a piano, the coupon may be disposed of to some one else less fortunate, providing such transfer is properly indorsed by us.

There are no limits or restrictions as to the number of contestants in any family, and no prize will be awarded out of our territory, which is West Kentucky, West Tennessee and Southern Illinois. Only one coupon can be applied on the purchase of any instrument.

The piano will not be awarded to anyone employed by or connected in any way with the sale of musical instruments.

## All Pianos Marked in Plain Figures

As has been our custom for many years past, every instrument is marked in plain figures at the regular selling prices, and not only will the coupon be accepted as so much of a credit, but the balance of the purchase price can be arranged on monthly payments, if desired.

Every instrument is fully guaranteed by us. Handsome stood and sent free with each piano.

## Read These Instructions Carefully

Give the solution of the rebuses, then fill out the information blank, giving your full name and all other information called for. State what kind of instrument you have, if any, and give names and correct addresses of two or more of your friends or neighbors, whom you believe might want a piano, piano player or player piano. Mail or deliver your solution, together with the information blank to

Notary Public.

## Daily Thought.

Every one of us casts a shadow, a strange indefinable something which we call influence.—Miller.

We are always glad to have the doctors visit us, even when they don't charge for the visit.

To be strictly up to date Night Rider lodges should add a life insurance feature to their organization.

## THE CUPID OF LAPORTE.

Cupid with his antiquated bow and arrow had little chance at the Scandianavian beauty, against the wiles of the more modern Mrs. Guinness, who seems to have aimed her love darts at the pocketbook of her victims. And that leads us to observe, that if the cemetery in the rear of the "House of Horrors" is entirely of Mrs. Guinness' own planting, a lot of folly is buried there. The motto over Mrs. Guinness' door might have been: "A fool and his money are soon parted."

Mrs. Guinness' medium of communication was the popular want ad. No better testimonial of the efficacy of that medium could be asked than the success with which Mrs. Guinness met in luring victims to her farm near Laporte, Ind.

Why anybody should seek that means of securing a husband or wife has always been an interesting question. Love is a lottery, to be sure, and the uncertainty of the game possibly proves irresistible to some people, especially those who have never been successful in love.

We suspect that herein lies the secret of the matrimonial bureau. Every human being has a capacity for love and a longing for affection. On account of some misfortune, or age, which vanity ignores, the person is unable to win the affection he craves. Then he sees the matrimonial ad, with its alluring promises and the hope it holds forth. He grasps it, as the ineffectual grasps the promise of the quack, and puts his purse and heart into the bargain.

Always there is robbery or cruel humor on the other hand. No one with sense would expect to find love advertised on the market, the subject of barter through an agency like real estate. Perhaps, it was kindness on the part of Mrs. Belle Guinness to slay her victims. The disillusionment would have been far more cruel.

Modern criminal practices keep abreast the times, and their operators design their schemes for robbery of fools. If it were not for the people, who hope to get rich without working, and those who try to purchase love, we should have few sensational crimes to report, the police would be cut down half and the detectives would have few mysteries to unravel. It is the folly of this world that keeps the tax rates so high, not the improvements.

## A PATRIOTIC WORK.

The women of this city who have started a campaign to secure the display of the national flag on all public buildings, and to instruct the school children, in the formal observance of respect for the flag and the nation, are deserving of the sympathetic support of all citizens. Principles of patriotism and observance of certain forms inculcated in the

youthful mind, lead to the inquiry later on of the reason, and arouse interest in the history and traditions of our nation. We are losing our grip on certain things, under the stress of modern city life, that we should cherish. A national spirit is a necessary thing, especially in a republic. If we lose that spirit, we lose that which impels us to personal efforts for the maintenance of our national honor. It is that spirit, which in the hour of need calls individuals to the rescue. The flag, the coin and the national anthem are three conspicuous attributes of nationality. The first stands for the glory, the second for the authority and the last for the spirit of the nation.

In many states a law makes it compulsory for the flag to be displayed on the school houses at certain stated days, and where more than on a school house is a flag to be desired? The American school is the training place of the American citizen. He should be trained under the flag, that stands for the liberty of conscience.

Just as we predicted, congressional leaders have played against the Roosevelt sentiment to the limit, and now they are struggling to get into the Taft band wagon. It isn't to make for the appearance of harmony, but to get in line with the people, who demand Taft for their candidate.

## A WISE JUDGE.

Circuit Judge R. L. Stout is a Democrat. If we may judge by his recent charge to the Scott county grand jury, he is a better partisan politician, than he is some other things. He requested the grand jury to investigate the presence of soldiers in the county and ascertain if they are there for the purpose of intimidating anyone. We naturally presume that the soldiers are there to intimidate night riders.

Of course, we do not believe Judge Stout charged the grand jury in that way for the purpose of encouraging night riders in their unlawful purposes, or to protect them from molestation at the hands of the state authorities. We decline to believe he spoke those words in anticipation of an approaching election day.

We rather believe Judge Stout is a bigot—the kind of fellow who lugged Mark Hanna was going to crown McKinley emperor of the United States and the Philippines and declare war on the world. Judge Stout is all over the country "fizz up and demand" that the army be cut down small enough so the state militia could lick it.

Judge Stout hasn't confidence in his fellow Kentuckians. He can't bring himself to realize that a majority of them voted the Republican ticket last fall, and thereby showed that they wanted Willson for governor and had confidence in him. He just knows that his daddy was a Democrat and that the state administration is Republican, and therefore our free institutions are menaced. He may or may not have heard of night riders; but if he has, he probably thinks it is just another "newspaper lie." He does know, however, that there are soldiers in the state, and his inflated imagination has placed the total number in the field at millions. He sees a Republican plot to overthrow the government and prevent with bayonets an expression of the popular will.

His last hope is in the grand jury. The night riders are destroying life and property, but they don't wear the livery of the state and are not commanded by a Republican administration. Maybe he hopes the soldiers will catch the night riders and the grand jury will catch the soldiers, and so we shall get "git shot" of the whole contumacious mess. O, Wise Judge!

## COUNTRY BOYS

FLICKING TO RECRUITING STATIONS IN OHIO VALLEY.

Increased Pay Assured Army Will Stimulate Enlistments Officers Are Confident.

Captain William L. Reed, of the United States army, arrived in the city this morning and accepted four recruits for the army from Sergeant C. A. Blake. The recruits are: Cavalry—Paul L. O'Brien, of Kuttawa; Infantry—Hoyt Higgins, of Mayfield; Oliver Coltharp, of Fancy Farm, and John W. Stone, of Fair Dealing. At Cairo Captain Reed accepted 13 recruits, which is one of the few times that Cairo has bested Paducah in the number of recruits. Sergeant Nathan E. Brandon, who has been assisting Sergeant Blake, will go to Cairo tomorrow to post advertisements. Permission has been secured to place posters in all of the railroad stations.

The bill, which has been pending in congress for several years on raising the salary of the army, has been passed and yesterday President Roosevelt signed it. This will increase the number of recruits, the officers are certain. The sergeant's pay will be \$30, the corporal's \$21 and the private will receive \$15 a month. This is the first change in the salaries of the soldiers since 1873. In addition to the increase \$1,000,000 will be used for maneuvers this summer.

The high water in the Ohio valley is causing a material increase in the number of recruits as many of the farms are under water or so wet as to prevent working, and many country boys are entering the service.

## The MYSTERY

(Continued from last issue.)

## CHAPTER XXXIV.

FOR some moments Darrow sat, gazing fixedly at the table before him. His cigarette tip glowed and flicked. Some one suggested drinks. The captain asked Darrow what he would have, but the question went unnoticed.

"How I passed the next six months I could hardly tell you," he began again, quite abruptly. "At times I was bored—fearfully bored. Yet the element of mystery, of uncertainty, of underlying peril, gave a certain zest to the affair. In the periods of dullness I found some amusement in visiting the lower camp and baiting the trigger. Slide will have told you about him. He possessed quite a fund of woodsmen. He possessed more before I got through with him. Yes; if he had lived to return to his country I fancy he would have added considerably to Afro-American wit-holders. You remember the vampire bats, Slide? And the devil flies? Naturally I didn't mention to you that the devil flies business wasn't altogether as clear to me as I pretended. It wasn't, though. But at the time it served very well as an amusement. All the while I realized that my self entertainment was not without its element of danger too. I remember glances not altogether friendly, but always a little doubtful, a little awed. Even Handy Solomon, practical as he was, had a shiver or two of superstition in his makeup on which one might work. Only Eugene Slide, I mean—was beyond me there. You puzzled me not a little in those days, Slide. Well—

"Did I say that I was sometimes annoyed by the doctor's attitude? Yes. It seemed that he might have given me a little more of his confidence, but I couldn't. Judge such a man as he was. Among the ordinary affairs of life he had relied on me for every detail. Now he was dependent on me. Independent? I don't know. If he remembered my existence at times. Even in his blackest moods of depression he was sufficient unto himself. It was strange. How he did rage the day the chemicals from Washington went wrong! I was washing my shirt in the hot water spring when he came bawling out of the laboratory and keeled me over. I came out pretty indignantly. Apologize? Not at all. He just spluttered. His nearest approach to coherence seemed to indicate a desire that I should go back to Washington at once and destroy a perfectly reputable firm of chemists. Finally he calmed down and took it out in entering it in his daily record. He was quite proud of that daily record and remembered to write in it on no average of once a week.

"Then the chess went wrong. Whether it had rusted a bit or whether the chemicals had got in their work on the hinges I don't know, but one day a professor, of his own initiative, recognized my existence by lugging his box out in the open and asking me to fix it. Previously he had emptied it. It was rather a complicated thing, with no inner compartment over which was a hollow cover, opening along one rim. That I conjectured was designed to hold some chemical compound or salt. There were many minor openings, too, each guarded by a similar hollow door. My business was with the heavy top cover.

"It should shut and open softly, gently," explained the professor. "So. Not with a grating-sound-to-be-accompanied," he added, with his curious effect of linked phraseology.

"Half a day's work fixed it. The lid would stand open of itself until tipped at a considerable angle, when it would fall and lock. Only on the outer shell was there a lock. That one was a good bit of craftsmanship.

"So, Percy, my boy," said the doctor kindly, "that will with sufficient safety guard our treasure. When we obtain it, Percy. When it entirely finished and completed shall be."

"And when will that be?" I asked.

"God knows," he said cheerfully. "Progresses."

"Whenever I went strolling at night he would produce his curious lights.

About his waist flickered a sort of aura of radiance.

Sometimes they were fairly startling. One fact I made out by accident looking down from a high place. They did not project from the laboratory. He always worked in the open when the

light was to be produced. Once the experiment took a serious turn. The lights had flickered and gone. Dr. Schenkerhorn had returned to his laboratory. I came up the narrow stairs, flung the door open and rushed out. He was a grotesque figure, clad in an undershirt with a worn pair of trousers fastened with an old bill of tarred rope in lieu of his suspenders, which I had been repairing. About his waist flickered a sort of aura of radiance which was extinguished as he flung himself headforemost into the cold spring. I hauled him out. He seemed dazed. To my questions he replied only by mumblings, the burden of which was:

"I do not understand. It is not to be comprehended accident." It appears that he didn't quite know why he had taken to the water, or if he did he didn't want to tell.

"Next day he was as good as new, just as silent as before, but it was a smiling, satisfied silence. So it went for weeks, for months, with the necessities of depression and anger always rarer. Then came an afternoon when returning from a stalk after sheep I heard strange and shocking noises from the laboratory. Strict as was the embargo which kept me outside the door, I burst in, only to be seized by a suffocating grip. A sudden I realized that I was being embraced. The doctor clutched a hand above my head and jagged with ponderous steps. The dismal noises continued to emanate from his mouth. He was snoring. I wish I could give you a notion of the amazement, the paralyzing wonder with which—No, you did not know Dr. Schenkerhorn. You would not understand.

(To be continued in next issue.)

TOBACCO NEWS

Sales by the Dark Tobacco Growers' association Monday totaled 300 hogheads of various grades. The French government bought heavily as did other foreign consumers. As all of the independent tobacco in the country has been cleaned up by the buyers, they are now filling out their purchases from the association's holdings.

Hopkinsville Tobacco.

Hopkinsville, Ky., May 12.—Business on the local tobacco market moved with a rush last week. More than twice as many hogheads of tobacco were sold during the week than have been sold during any other previous week, the sales amounting to 314 hogheads. Another most encouraging indication that business had opened up in earnest was the presence upon the buying floor of every buyer and dealer on this market, and some from neighboring markets, nearly all of whom made purchases. The largest purchase was made by the Italian Empire. When the business for the week was closed there had still been several deals pending which had not been consummated, and it is possible that even heavier sales will be made this week.

Of the amount sold during the week 289 hogheads were disposed of by the local salesmen for the Planters' Protective association. The salesmen were crowded with buyers all the week, and almost as fast as they

the holes were to be used for the burial of rubbish and refuse.

Dr. Meyer, one of the investigators, said the bodies of both Hegelein and Miss O'Shea showed they had met unnatural deaths. Hegelein's body, he said, had been in the ground only a few months at the most and it gave evidence of a terrible death struggle. The clenched hand which contained hair had been mutilated and the other had been severed at the wrist. The hair in the hand, Meyer thought, was possibly from the head of the murderer.

The grand jury was to have met to consider Lamphere's case, but this procedure has been postponed for a week. Experts who were called into the affair by Sheriff Smutzer advised this course, although Ralph N. Smith, prosecuting attorney for this judicial district, had announced only a few hours before the decision was made that he was ready to go into court with the evidence at hand.

Political and business friends of the attorneys have been busy discussing the case wherever opportunity offered, the argument being mainly that Mrs. Guinness was too shrewd a woman to be caught in a fire, and that she must, therefore, have escaped. Prosecutor Smith denounces these methods, but there is no gainsaying the fact that the impression that Mrs. Guinness is still alive is widespread, despite the almost total absence of evidence to support it.

Is Mrs. Guinness Alive?

This circumstance will make the task of picking a trial jury difficult as there is scarcely a man or woman in the community who has not formed an opinion on the subject. Talesmen from the rural districts, however, may lighten the labors of the attorneys in this regard.

C. J. Smith, superintendent of the Pinkerton national detective agency, one of the highest authorities in criminal work in the country, after a four-day investigation of the case, gives it as his opinion that all the evidence that stands up supports the theory that Mrs. Guinness was burned to death in the fire with her three children. The question of sublimity, after the three children had been murdered, is eliminated, he believes. He also feels convinced that an incendiary fired the house, and that this person was either Itay Lamphere or some other person that had a grudge against her.

Victims From Sweden.

Christlanar May 12.—News of the wholesale murders of American Swedes at Laporte, has caused a great sensation here. It is believed that one of the victims is Olaf Jensen, a youth who left Christiana two years ago, attracted, it is said, by Mrs. Guinness' marriage advertisements. He has not been heard from since.

## THE TRUTH ABOUT KIDNEY TROUBLE.

(Backache.)

Backache as a cause of kidney trouble is outrageously abused, for there is not one case in five of backache that is an evidence of inflammation in the kidneys. The kidneys are not sensitive and seldom reflect pain.

Backache is commonly an evidence of lumbago, or shows a neuralgic or rheumatic tendency in the muscles of the back. In those cases in which it does proceed from the kidneys it reflects an acute inflammation that usually yields very quickly and definitely to Fulton's Renal Compound.

But, as above, where backache is the only reason one has for suspecting the kidneys, it will in most cases be found more closely related to the muscular system than to the kidneys.

Kidney disease, first or last, is inflammation of the kidneys, and there has been nothing on druggists' shelves for inflammation in the kidneys. The late John J. Fulton was the first man in the world to reach and reduce inflammation in kidney tissues, and his Renal Compound is the first real specific for kidney disease.

Oakland, Cal.

W. B. McPherson, Paducah, Ky., is our sole agent. Ask for 10-Monthly Bulletin of late recoveries.

could be selected, sales were made. Prices ranged from \$7 to \$10 for bags to \$10.50 to \$11 for leaf, the demand being confined to bags and low to medium leaf. Receipts by the association for the week were 397 hogheads, making a total to date of 5,364.

At the Society of Equity warehouse 25 hogheads were sold at prices which were very satisfactory, bags bringing from \$7.50 to \$11.50, and leaf from \$10 to \$12.50. The demand here also was stronger, and indications point to increased sales this week. Receipts of loose tobacco here are about over, though scattering crops continue to come in.

Reports from the association show that upward of 10,000,000 pounds of tobacco has been prized by that organization in this country this season. The crop has all about been delivered, and the piling houses are rapidly winding up, some of them having already closed down.

Reports from the country show that already a considerable part of the crop to be raised this year has already been set out with more to follow at once. This is unusually early, and for the first time in many years such a thing as tobacco being set out before corn is planted is being seen.

The following doctors arrived from Mayfield at noon: J. L. Dismukes, Henry Shelby, W. S. Hargrove, H. H. Hunt.

Value of the Proctoscope in the

hinges were to be used for the burial of rubbish and refuse.

Dr. Meyer, one of the investigators, said the bodies of both Hegelein and Miss O'Shea showed they had met unnatural deaths. Hegelein's body, he said, had been in the ground only a few months at the most and it gave evidence of a terrible death struggle. The clenched hand which contained hair had been mutilated and the other had been severed at the wrist. The hair in the hand, Meyer thought, was possibly from the head of the murderer.

The grand jury was to have met to consider Lamphere's case, but this procedure has been postponed for a week. Experts who were called into the affair by Sheriff Smutzer advised this course, although Ralph N. Smith, prosecuting attorney for this judicial district, had announced only a few hours before the decision was made that he was ready to go into court with the evidence at hand.

Political and business friends of the attorneys have been busy discussing the case

## AN OLD FAVORITE

IRVING'S CLASSIC RIP VAN WINKLE AT THE KENTUCKY.

Guaranteed Faithful Reproduction in Picture Form of Legend of the Catskills.

Rip Van Winkle, an elegant picture, true in all details to the legend and the drama, will be the offering this afternoon and evening at the Kentucky theater as the feature bill for this week of great pictures, the others to follow in rapid succession.

The picture is in one certain little, presenting the initial scene of the drama in which Rip is represented in a semi-drunken condition at a table in front of the King George Inn drinking away for sixteen pounds sterling all his worldly possessions to Derick Van Winkleman — the interior of Rip's home and his being driven out of the house by his wife Katrina, notwithstanding the pleadings of his daughter, Mena. Rip ascends the mountains meeting with the dwarf when he ascends the mountain with the plate of Heinrich Hudson — the drink — the sleep of twenty years, its awakening finding Rip aged with grizzled hair and a view of the village of Catskill in the distance.

"My, but how that village has grown in one night!" Rip's arrival in Catskill to find everything changed and no one to greet him — unrecognized he strays to the King George Inn only to find a great hostelry called the Hotel Washington, etc.

The finale shows his recognition, restoration to the arms of his wife, grown daughter, and his property, the whole culminating in the routing of Von Winkleman.

In addition to the picture there will be illustrated songs and Baby Serenades in vaudeville stunts.

The afternoon performances commence at 2:30 and terminate at 5:30 while the evening exhibitions run from 7:30 to 10:30, the price of admission being five cents.

## ROB EXPRESS CAR

Seattle, May 12.—Two masked men today held up Express Messenger Lathan, on the Great Northern train near Itall and booted the express car containing registered mail. After hearing Lathan into unconsciousness the men escaped.

## TONOPAH THREATENED

Tonopah, Nev., May 12.—Fire destroyed the Palace hotel building and caused \$150,000 loss during the night. Because of the wind the town was threatened for a time.

## JUDGE GREER'S FUNERAL

Many members of the McCracken county bar and friends attended the funeral of Hon. W. D. Greer this morning. The pallbearers were Ed G. Hooper, F. M. Fisher, Brack Owen, Samuel Hughes, Rodney Davis, William Hughes and William Hendrick. Honorary—John K. Hendrick, Judge William Reed, E. W. Bagby, Henry D. Hughes, W. C. Ellis, Harrison Watts, Dr. Frank Boyd, Dr. H. P. Sights and William Marble.

## SOLDIER KILLS COMRADES.

Crazy Cavalryman Ran Amuck With Horrible Result.

Maalla, May 12.—A telegram received by the adjutant-general announced that Private Mike Itachan, of the First United States cavalry, ran amuck killing three and wounding three of his comrades, one mortally.

The dead: First Sgt. Wm. Hoey, Private G. Wilson, Private Thomas Woodward. Fatally injured: Private Edward Woodward.

All the killed and wounded were members of troop F, First cavalry. Details of the tragedy are lacking, but it is presumed that Itachan was insane when he committed the deed.

—A. T. Fugett, of 498 South Sixth street, was thrown from a buggy at Third and Clark streets and injured. Dr. O. R. Kidd attended him.

## IN SOCIAL CIRCLES

Knight of Pythias to Have Unique Entertainment.

Paducah Lodge No. 26, Knights of Pythias will have a social session tonight at the Knights of Pythias hall, Broadway and Fifth streets. Invitations have been issued and the occasion promises to be a delightful one. It is an "Autograph Social," and will be something unique. The pretty souvenir program are in the red, white and blue colors, and attached to each is a tiny pencil. They are prized with six pages of blank paper. A prize will be given to the one who secures the greatest number of autographs during "Autograph Intermission." Mr. A. E. Stein is chairman of the committee having the entertainment in charge. The program is: Opening—Welcome—Brother A. E. Stein, Music.

The story of Damon and Pythias—(Illustrated by stereopticon)—Brother R. L. Palmer.

Music—Duet—Miss Katherine Pieper, piano; Mr. A. J. Bamberg, alto horn.

Address—"Pythianism"—Rev. J. B. Henry.

Music—Encouragement Overture Master Louis Kolb, cornet; Miss Christa Kolb, violin; Miss Annette Kolb, piano.

Music—Intermezzo—Violin solo—Miss Christine Kolb.

Autograph Intermission.

Why Not Have Pythian Sisters in Paducah?—Brother A. E. Young.

Music—Miss Pieper, Mr. A. J. Bamberg.

Refreshments.

Of Interest Here.

The Jackson Sun of May 11 says: "Mr. and Mrs. J. H. Hirsch, who have just returned from a visit to Paducah, Ky., brought with them a sum of money to brighten their home, in the person of a dear little girl of two summers, who has 'come to stay' and whose baby carriages and happy smiles they feel will repay them for all the care and love that they can give her. Both Mr. and Mrs. Hirsch seem to feel that their home life will be more complete now that they have a little fairy to enliven it, and they hope to make the child as happy as they feel satisfied that she will make them."

Mrs. Hirsch was formerly Mrs. Rowena Rivers, of Paducah, and was the guest of Mrs. J. R. Phynor here a few days ago. The little child was taken from the home of the friends in Paducah.

Brogue-Ryan.

A pretty ceremonial was the wedding of Miss Agnes Catherine Brogan of this city, and Mr. John Matthew Ryan, of Central City, which took place this morning at 8 o'clock at the St. Francis de Sales Catholic church. The nuptial mass was solemnized by the Rev. Father H. W. Jensen.

The bride was especially handsome in a lovely costume of white silk chiffon over white silk and a white picture hat. Instead of the regulation bridal bouquet she carried her prayer book. The couple were attended by the brothers of the bridegroom, Mr. Joseph Ryan and Mr. Henry Ryan, both of Central City.

Following the ceremony a wedding breakfast was attractively served at the home of the bride's mother, Mrs. Margaret Brogan, 1215 Trinité street. Only the relatives and most intimate friends were present. The couple left at 11:20 o'clock over the Illinois Central for a wedding trip to Washington City and other points east. They will be at home in Central City after several weeks. The bride's going-away gown was a stylish suit of light grey, with hat, gloves and shoes to harmonize.

Double Wedding of Prominent County People.

The Rev. W. E. Cave, D. D., married two couples from Rossington on Sunday at noon at his home on North Seventh street. They were Mr. W. J. Harper and Miss Pearl Pitt, Mr. W. H. Lamb and Miss Grace Wyatt, all belonging to prominent families of this county. The couples drove into the city and returned home after the ceremony.

In Compliment to Miss Marshall, of Iowa.

Mrs. Paul Dysart is the hostess at an informal reception this afternoon at her home, 203 Fountain avenue, in honor of her guest, Miss Maude Marshall, of Keosau, Iowa. The house is effectively decorated with flowers. In the dining room the red color motif is charmingly elaborated. Red carnations form the center-piece of the table. Strawberry pie is a feature of the color effect. Assisting Mrs. Dysart and Miss Marshall in receiving are Mrs. Victor Voris and Mrs. Fred Rudy.

Charity Club Holds Final Meeting Wednesday.

The Charity club of the Philanthropic department of the Women's club, will meet in regular monthly session tomorrow morning at 10 o'clock at the club building. The newly elected chairman, Miss Elizabeth Sinnott, will take her place, and there will be a reorganization of the club for the next year, as this probably will be the final meeting of this season. A large amount of routine business will be before the department.

Mr. Harold Fisher returned to Nortonville this morning after attending the bedside of his brother, Will Fisher, who is ill at Riverside hospital. Mrs. J. D. Bacon, Seventh and Jackson streets, went to Okolona,

## Kinetic Energy

Kinetic is a good word. It means "power to make things go." A fat bank account, a rock on the edge of a hill, a barrel of gunpowder, and SCOTT'S EMULSION all contain "kinetic energy," so the professor tells us.

Power is stored up in

## Scott's Emulsion

This force let loose in the system of the consumptive gives him the strength to take on new flesh. It is a powerful flesh-producer.

All Druggists, 50c. and \$1.00.

## NEWS OF COURTS

In Bankruptcy.

Creditors of the Paducah Glass company were instructed by Judge Bagby to file their claims by May 22, and the bankrupt was ordered to file a triplicate schedule of assets and liabilities by the same date. On that day a trustee will be elected to wind up the affairs of the company.

The trustee in the R. E. Sassoon bankruptcy case sold the merchandise stock of the bankrupt yesterday, and has nearly wound up the estate.

County Court.

Mrs. Florence Moennot, Mrs. Carrie Flournoy, Mrs. Carrie Flournoy Ellis and Miss Mary Flournoy are the beneficiaries of the will of Mrs. Mary Alexander, probated yesterday.

In Circuit Court.

With the exception of federal court, little was done in any court this morning, owing to adjournments for the funeral of Hon. W. D. Greer. Judge Reed held a short session of circuit court and postponed the cases set for this morning until this afternoon. An agreed order was entered between Henry Theobald and the Paducah Traction company, whereby Theobald received \$100 as a compromise for his damage suit of \$5,000.

W. H. McKinney, J. A. Draffen and F. F. Gahnes were excused from the jury, and L. H. J. J. Engert and L. D. Wilcox were substituted.

Circuit court was in session this afternoon and the case of S. Rosenfeld against the Illinois Central railroad was being argued. He sues for damages alleged to have been received on ten boxes of clothing shipped from Louisville.

In County Court.

Former Auditor's Agent C. W. Emery was again assailed in his right to collect back taxes on suits he brought last week, by James Husbands, his successor, in county court yesterday afternoon. The suits were brought after Husbands was appointed but before he qualified. Emery asserts his right to act until his successor qualifies and has a letter from State Auditor James to the effect that he may prosecute suits he started before Husbands took over the office. Judge Lightfoot sustained Emery and Husbands will appeal. The suits in dispute are being tried in this term of county court.

Deeds.

J. M. Foster to Mary E. Thompson, lot on Trinité street, \$1.

In Bankruptcy.

The books and accounts of the Thompson-Wilson company will be sold May 21 according to an order issued today by Judge Bagby.

William Coleman is ill.

Elwood Reed returned this morning from Caldwell county, where he served an attachment on William Coleman, former sheriff of Caldwell county. Coleman was a witness for the Hollowell, but was too ill to make the trip. Marshal Reed brought back affidavits from Dr. H. P. Shelby and Henry Harmon. A subpoena was served on R. P. Rudolph, of Sharp.

Miss Hallie Rose, 1108 Trinité street, went to Long Oak today on a week's visit to the family of Mr. C. M. Ross.

The Rev. M. E. Dodd and J. V. Hardy have gone to Little Rock, Ark., to attend the Southern Baptist convention. Mrs. Dodd will visit at Clinton, Ky., and Jackson, Tenn., during her husband's absence.

Mr. Prince Walker, of Mayfield, was in the city today.

Mr. W. B. Kennedy returned from Mayfield this morning after a business trip.

Mr. L. E. Ghardey, formerly of Paducah but now living in Los Angeles, Cal., is visiting in the city.

Dr. G. A. Hamlett, of Massie, is ill of congestion of the stomach. He is somewhat improved today.

Mr. T. L. Roeder, deputy city jailer, who was shot through the right breast accidentally, is improving at Riverside hospital. It is thought he will be able to be moved home Thursday.

Misses Lula Reed, Marjorie Grunbaugh, Anne Bradshaw and Annie May Yeiser returned home yesterday from Fulton, where they were the week and guests of Mrs. Burke Bowman at the Hotel Meadows. Mrs. Bowman gave a pretty euchre party in their honor on Saturday afternoon. Miss Grunbaugh won the prize.

Lieut. Richard Donovan left yesterday for Fort Schrevels, at Savannah, Ga., where he has been stationed.

Will Fisher, who was operated on for appendicitis last week, is improving slowly at Riverside hospital.

Dr. C. E. Kidd has returned from Covington, Tenn.

## WOULD STOP COTTON LEAK.

House Committee Authorizes Favorable Report on Bill.

Washington, May 12.—The house committee on agriculture authorized a favorable report on a bill, framed by the committee making it a criminal offense for any government official or employee to divulge prematurely any government statistics such as those relating to cotton and grain crops.

Liquor Selling Charge.

Charged with selling liquor to a felon, Dan Galvin, a saloonkeeper at Fifth and Norton streets, was arrested this afternoon by Chief of Police Collins. It is alleged that Galvin sold liquor to Claude Hatfield.

Notice.

Bids for building waiting room at cemetery will be opened Wednesday at 2 p. m. at city hall. Plans and specifications in clerk's office. COMMITTEE.

# DELFT

Hart has the agency for the genuine Delft Enamel Ware. It is a beautiful dark blue and white mottled on the outside and pure white on the inside. Guaranteed against chipping, leaking and against the action of acids. Perfectly pure and sanitary. Don't fail to examine it. Every piece branded.

James Owen's Will.

Provision was made in the will of the late Capt. James Owen, for the erection of a monument over the graves of his father and mother in Oak Grove cemetery, at a cost of \$2,500. The monument will be on the family lot, and he stipulated that it should be a large one. His interest in the ferryboat Itellie Owen is given to Mr. Brack Owen in entirety, as well as a half interest in all his real estate and property, other than stocks and securities. The other half of his real property goes to his brother Robert Owen. To his sister, Mrs. Ann O. Woolfolk, and her daughter, he leaves the stocks and securities, after providing for the monument. All debts against him must be paid before the bequests become effective. Mr. Brack Owen will be administrator. L. B. Ogilvie and W. V. Owen were witnesses to the will, written December 1, 1903.

For Sale.

YOU DON'T HAVE TO WAIT

Every dose makes you feel better. Lax-Po keeps your whole insides right. Sold on the money-back plan everywhere. Price 10 cents.

The body of Miss Lena Edwards, who died in St. Louis, will arrive tomorrow at 3:30 o'clock and will be taken to the First Presbyterian church, where the funeral will take place. The burial will be in Mt. Kenton cemetery.

## CITY ORDINANCE

AN ORDINANCE GRANTING THE PADUCAH NORTHERN RAILROAD, ITS SUCCESSORS AND ASSIGNS THE RIGHT TO CONSTRUCT AND MAINTAIN A RAILROAD TRACK OF STANDARD GAUGE IN THE CITY OF PADUCAH, KENTUCKY, AND OPERATE RAILROAD DEARS THEREON FROM A POINT IN THE CITY LIMITS IN TWENTY-FIFTH STREET BETWEEN KENTUCKY AVENUE AND BROADWAY STREET; THENCE IN A SOUTHEASTERLY DIRECTION TO THE UNION DEPOT IN THE SOUTHERN PART OF THE CITY OF PADUCAH; THENCE EASTWARDLY TO THIRD STREET; THENCE SOUTHWARDLY FROM THIRD STREET ACROSS PRIVATE PROPERTY AND ALONG MYERS STREET TO THE CITY LIMITS; AND NORTHWARDLY ALONG THIRD STREET TO NORTON STREET; THENCE OVER PRIVATE PROPERTY AND CROSSING INTERSECTING STREETS TO MAIDEN ALLEY; THENCE ALONG AND THROUGH MAIDEN ALLEY AND CROSSING INTERSECTING STREETS TO TRIMBLE STREET; THENCE OUT TRIMBLE STREET AND CROSSING INTERSECTING STREETS TO THE CITY LIMITS AS MORE PARTICULARLY SET FORTH IN THE FOLLOWING DESCRIPTION:

BE IT ORDERED BY THE GENERAL COUNCIL OF THE CITY OF PADUCAH, KENTUCKY:—

Section 1. That whereas the Paducah Northern Railroad proposes to construct and to operate a trunk line of railroad into, through and around the city of Paducah, Kentucky and from the city to a point on the south side of the Ohio river below and nearly opposite the city of Metropolis, Illinois and there connect with other trunk railroad or railroads; and whereas the said railroad company has been incorporated under the laws of the state of Kentucky for said purposes, the city of Paducah hereby grants to the Paducah Northern Railroad, its successors and assigns the right of way through the city of Paducah, so far as the city has a right to grant the same, as follows:

Sub-Sec. 1. For a double track line of railroad beginning on the west line of Twenty-fifth street at a point 25 feet north of the north line of Kentucky avenue running thence southeasterly across Twenty-fifth street and Kentucky avenue to the east line of Twenty-fifth street; thence southeasterly across private property to the north line of the alley in block 23, West End Addition at a point 110 feet east of the line of Twenty-fifth street; thence southeasterly across said alley to its south line; thence across private property to the north line of Washington street at a point 210 feet east of the east line of Twenty-fifth street; thence southeasterly across Washington street to its south line; thence southeasterly across private property to the north line of Clark street at a point 805 feet west of the west line of Twenty-fifth street; thence in a southeasterly direction to the south line of Clark street; thence across private property to the west line of the Mayfield road at a point 205 feet south of the south line of C. K. Wheeler's addition to Paducah; thence southeasterly to the east line of Mayfield road; thence southeasterly across private property to the west line of Little avenue at a point 540 feet south of the south line of the right of way of the Illinois Central Railroad Company; thence in a southeasterly direction to the east line of Little avenue; thence across private property to the west line of the alley parallel to and between Little and Row avenues at a point 312 feet north of the north line of Fulton street; thence in a southeasterly direction across said alley; thence across private property to the west line of Row avenue at a point 200 feet north of the north line of Fulton street; thence easterly across Row avenue to its east line; thence across private property to a connection with the Paducah, Tennessee and Alabama Railroad Company at a point 925 feet south of its intersection with the Louisville division of the Illinois Central Railroad Company.

For a switching and car storage yard of an approximate width of 315 feet, approximately parallel to the above described line, across Little and Row avenues, the alley between said avenues and Fulton street.

Sub-Sec. 2. For a single track line of railroad beginning at a point on the double track line of railroad described in clause one of this section, situated 1247 feet northwesterly from its connection with the Paducah, Tennessee and Alabama Railroad Company; thence across private property to the west line of the alley which runs parallel to the main track of the Illinois Central Railroad Company between Little and Row avenues at a point 215 feet north of the north line of Fulton street; thence across said alley and Row avenue in a southeasterly direction to the east line of said Row avenue; thence across private property to the north line of Chamberlain street at a point 255 feet west of the west line of Loving street; thence southeasterly in Chamberlain street and across Loving and Olive streets to a point 55 feet east of the east line of Olive street; thence northeasterly across private property to the south line of the alley between Chamberlain and Murray streets

at a point 245 feet east of the east line of Olive street; thence northeasterly across said alley to its north line; thence across private property to the south line of Murray street at a point 370 feet east of the east line of Olive street; thence northeasterly across said Murray street to its terminus at a point 100 feet east of the east line of Olive street; thence northeasterly across private property to the east line of Olive street; thence northeasterly across private property to the east line of Broad street; thence northeasterly across private property to the south line of Walnut street at a point 245 feet east of the east line of Broad street; thence northeasterly across said Walnut street to its north line; thence northeasterly across private property to the south line of Fifth street at a point 225 feet east of the east line of Broad street; thence northeasterly across Fifth street to its north line; thence across private property to the south line of Myers street at a point 200 feet east of the east line of Broad street; thence northeasterly across Myers street to its north line; thence northeasterly across private property to the south line of Elizabeth street at a point 60 feet east of the east line of Third street produced; thence northeasterly across Elizabeth street to its north line; thence northeasterly across private property to the east line of Third street at a point 145 feet north of the north line of Elizabeth street; thence northeasterly in and along Third street to its east line at a point 60 feet north of the center of the incline railroad track of the Paducah, Tennessee and Alabama Railroad Company; thence northeasterly across private property to the west line of the alley lying next east of and parallel to Third street, at a point 281 feet south of the south line of Tennessee street; thence northwesterly in and along said alley and across Tennessee street to the east line of said alley at a point 28 feet south of the south line of Ohio street; thence northeasterly across private property to the south line of Ohio street at a point 138 feet west of the west line of Second street; thence northeasterly across Ohio street to its north line; thence northeasterly across private property to the south line of Jackson street at a point 19 feet west of the west line of Second street; thence northwesterly across Jackson street into and along Second street, crossing Adams and Clark streets, to a point 16 feet east of the east line of Second street; thence northeasterly across private property to the west line of Maiden alley at a point 70 feet south of the south line of Washington street; thence northeasterly along the west edge of Maiden alley to the south line of Washington street at a point 3 feet west of the west line of Maiden alley; thence northwesterly across Washington street to its north line at a point 168 feet east of the east line of Second street; thence across private property to the west line of Maiden alley, at a point 70 feet south of the south line of Kentucky avenue; thence northwesterly in and along said Maiden alley and across Kentucky avenue, Broadway and Jefferson streets to a point in the west line of Maiden alley 52 feet south of the south line of Monroe street; thence northwesterly across private property to the south line of Monroe street, at a point 165 feet east of the east line of Second street; thence northwesterly across Monroe street to its north line; thence across private property to the east line of Second street at a point 30 feet south of the north line of Madison street; thence northwesterly across Second and Madison streets to a point on the west line of Second street 32 feet north of the north line of Madison street; thence northwesterly across private property to the south line of Harrison street at a point 188 feet east of the east line of Third street; thence northwesterly across Harrison street to its north line; thence northwesterly across private property to the east line of Third street at a point 18 feet south of the line of Clay street; thence northwesterly across Third and Clay streets to a point where the north line of Clay intersects the west line of Third street; thence westerly across block No. 8, Upper Town of Paducah to a point on the east line of Fourth street, 8 feet south of the south line of Trimble street; thence southwesterly across Fourth street and in and along Trimble street to Tenth street; thence northwesterly in and along Tenth street to the north limits of the city of Paducah.

Sub-Sec. 3. Also for two spur tracks in and along Second street from the south line of Washington street to a connection with the next above described line in Second street south of Clark street.

Sub-Sec. 4. For three tracks in and along Second street and across Monroe and Madison streets and from the north line of Jefferson street to the north line of Madison street with cross over track connecting them together and for two tracks across Harrison street parallel to and west of the line hereinbefore described as crossing the south line of Harrison street at a point 188 feet east of the east line of Third street. For a single spur track in Trimble street beginning at a point 111 feet west of the west line of Eighth street running thence in Trimble and Campbell streets to a point in the north side of Campbell street 360 feet west of the west line of Eighth street; thence westerly across private property to the south line of the alley next north of and parallel to Campbell street at a point 29 feet east of

the east line of Ninth street; thence westerly across said alley to its north line; thence westerly across school property to the east line of Ninth street at a point 180 feet south of the south line of Harris street; thence westerly in Ninth street to its east line at a point 102 feet north of the north line of Boyd street.

Sub-Sec. 5. For a single track railroad in and along Myers street from the east line of Myers street at a point 165 feet north of the north line of Clement street to the west line of Myers street at a point 740 feet north of the north line of Mill street produced.

Sub-Sec. 6. A detailed drawing or map of the above described right of way showing the location of the proposed right of way herein granted with reference to the streets and alleys as shown by the map of the city of Paducah is to be filed by the Paducah Northern Railroad in the office of the engineer of the city of Paducah to be preserved and kept as a part of this ordinance and is made a part hereof as fully as if attached hereto or embraced herein.

Sec. 2. Subject to the conditions hereinafter expressed, the said railroad company shall have the right to construct and maintain upon the above mentioned streets, crossings and intersections as set out in section one of this ordinance, a standard gauge railroad track, and with the right to operate and run cars thereon according to its charter, with steam power; and shall have the right, from time to time, and in the manner authorized and prescribed by ordinance of the general council of the city of Paducah, to construct and maintain along its tracks aforesaid spur tracks and sidings to the property and warehouses, manufactories and mercantile establishments now located or which may be located along or near the streets upon which this right of way is granted.

Sec. 3. The said company shall not in the construction, operation or maintenance of its road, bed and tracks on and along said right of way, unnecessarily obstruct the free use and passage upon said street, street crossings, alleys or public ways, either by vehicles or persons, and the said company shall not obstruct the free flow of water along the streets, gutters, sewers or culverts in such streets. And whenever necessary said company shall construct and maintain proper and adequate sewers or culverts under said tracks for the passage and flow of water under the direction and supervision of the Board of Public Works of said city.

Sec. 4. Said company shall construct and maintain safe and convenient crossings so as to allow safe and convenient passage for all persons and vehicles at all street crossings or alley crossings along said right of way and keep its track and road bed in good repair at all such places.

Sec. 5. The track and road bed and all switches and spurs of same shall be constructed so as to conform to the grade of the streets and alleys of the city of Paducah as same now exists and if any changes be made in the grade of same, said track shall be altered to conform thereto by said company at its expense.

Sec. 6. The right of way herein granted shall be subject to all future just and reasonable ordinances and regulations that may be adopted by the city of Paducah for the good of said city and protection of its inhabitants; the said city shall have the power to hereafter regulate the running of cars by said railroad company along the right of way herein granted to prevent any unnecessary obstruction of its streets, alleys and street crossings, and all police powers relative to the operation of said railroad company and the use of its right of way herein granted are expressly reserved by the city of Paducah.

Sec. 7. The said railroad company shall at all times keep the streets, alleys and the street or alley crossings gravelled and in good repair between its rails and for two feet on each side of its rails at its own expense, and whenever and whenever any of the said streets or street crossings and alley or alley crossings are occupied by its tracks aforesaid shall be improved or reconstructed either with asphalt, brick, bluestone or any other improved material for street construction or reconstruction the said company shall make its tracks conform thereto and its rails, and for two feet on each side of the rails thereof and of such material as may be prescribed by the ordinance of said city, for the construction or reconstruction of said streets or alleys, and at its exclusive cost and expense, and such reconstruction or improvement shall be done free of all cost to the city of Paducah. And the said railroad company shall keep and maintain same in good repair between its rails and for two feet on each side thereof.

5c. Everywhere

time allowed therefor the said Paducah Northern Railroad Company shall only be required to execute bond in the sum of ten thousand dollars (\$10,000.00) for the purposes above set out and such bond of ten thousand dollars (\$10,000.00) shall at all times thereafter during the life of this grant be kept in full force and alive.

Sec. 9. The city of Paducah expressly reserves the right to construct any and all of its streets, street crossings or public alleys over which this right of way is granted and it is expressly agreed herein that all reconstruction work between the rails and for two feet on each side thereof of the company's track shall be done at the exclusive cost of said railroad company, but under the plans, specifications, rules and regulations that may be made therefor by the city of Paducah.

Sec. 10. The city of Paducah reserves the right to temporarily change the location of the tracks of the said railroad company, along the right of way herein granted, whenever it shall be necessary to do so for the purpose of repairing or improving said streets or laying or for laying water pipes, sewer pipes, gas pipes, heating pipes or for any other public purposes; and said railroad company agrees that under the direction of the board of public works of said city, any such work may be done, whenever same is done for the purpose of laying any gas pipes, sewer pipes, water pipes or heating pipes or other pipes for any purpose; if for any private corporation, then all of said work shall be done at the expense of the person for whom same is done, but no expense shall accrue to the city for any work done for such purpose.

Sec. 11. The city reserves the right to alter or change at any and all times the grade of its streets, thorough and over which this right of way extends, and the said railroad company agrees that it will make its track conform to the changed grade of the street at its own expense.

Sec. 12. It is also agreed as one of the conditions of this grant that the said railroad company will remove its tracks from the center of any of the streets along which this right of way is granted to one side of said street at its own expense whenever directed so to do by the general council of the city of Paducah acting either by ordinance or resolution, so as to permit the laying of another railroad track on said street either for a steam or an electric railroad.

The railroad company shall not permit cars to stand on the right of way herein granted on the streets of Paducah either to be loaded or unloaded with freight, except that the company may permit cars to stand on that portion of Second street north of Jefferson street between Jefferson and Madison streets as provided in sub-section one of article two above for the purpose of receiving and discharging freight.

Sec. 13. This ordinance may be amended at any time, by the General Council of the city of Paducah.

Sec. 14. That said company shall

permit the main tracks of any railroad or railroads that are now or may hereafter be constructed through the city of Paducah to be laid across and at the grade of the tracks of the said company within the limits of the right of way herein granted without exacting any compensation for such privilege; provided that the owners of said railroads shall at their own cost and expense construct and maintain such crossing in a thorough and substantial manner and lay them at such points only as may become absolutely necessary for the bona fide extension of their said main lines, and in such a manner as to cause no unreasonable obstruction to the traffic of said company.

Sec. 15. That said Paducah Northern Railroad shall at all reasonable times deliver to any point along the right of way herein granted and take from any said point loaded or empty cars and deliver same in its yards to any carrier or connecting line of railway or at the connecting point of such line of railway with its said right of way in the city of Paducah at a maximum charge of two dollars (\$2.00) per car. No discrimination shall be made in favor of or against any one receiving or shipping loaded cars or furnishing empty cars nor shall said company discriminate in favor of or against any carrier receiving or delivering cars to said company to be handled over said line of right of way.

Sec. 16. The said company shall construct the road bed and tracks upon the right of way herein granted and operate trains thereon within eighteen (18) months from the final passage of this ordinance, except that the second or double track between its connection with the tracks of the Paducah, Tennessee and Alabama Railroad near the present Union Station and the west line of said city at the intersection of Twenty-fifth street may be constructed and in use at any time within five years of said date of passage, and the industrial track extending from the Union Station eastward to Third street and thence down the river front into the lower part of the city as above described in section one may be constructed and in use at any time within thirty (30) months from the date of passage of this ordinance, otherwise this grant shall be null and void.

Sec. 17. The said company for that portion of its main tracks lying between the west limits of said city at the intersection of Twenty-fifth street and its connection with the main track of the Paducah, Tennessee and Alabama Railroad, near the present Union Station shall permit, under its own reasonable rules of operation, the joint use and operation upon its said main line tracks by any railroad company which may in future seek to enter the city of Paducah with a main trunk line railroad; provided however that such railroad company shall pay a reasonable rental to the said company for each joint use and operation. Should more than one company seek such joint use and operation of said main line tracks, no discrimination shall be made in favor of or against one of said railroads either in the matter of rentals or regulations covering the operation of trains.

Sec. 18. It is a further condition of this grant, that should the Paducah Northern Railroad, its successors or assigns, cease of fail to operate its cars regularly over said right of way for a period of thirty consecutive days then this grant shall cease, and all of the rights herein acquired by the Paducah Northern Railroad, shall at once become annulled; but this condition shall not prevail, nor shall the Paducah Northern Railroad, its successors or assigns be deemed to have ceased operating its cars regu-

larly over said right of way, when the operation of said cars is stopped to repair damages to its tracks or to make other permanent changes or improvements in its system, provided the repair or repairs to be done, or the change or changes in the system of said company be effected as expeditiously as possible, and without unnecessary delay, otherwise a failure to operate said cars for said period of thirty consecutive days shall operate to annul this grant.

Sec. 19. The purpose of the foregoing grant is to make permanent provision for a belt line of railroad into and through the city of Paducah for the use and convenience of the residents of the city and on equal terms for all railroads doing business in the city of Paducah and it is expressly provided that the said Paducah Northern Railroad shall not have the right to transfer, assign or in any way convey the rights herein granted except with the consent of the General Council of the city of Paducah upon such terms and such reservations as may be fixed at the time of such conveyance by ordinance providing therefor, and any transfer or conveyance or attempt to convey or transfer to any one whomsoever of the said company without previous consent to do so from the council as above provided shall operate as a forfeiture of this grant and all rights hereunder shall cease and become null and void.

Sec. 20. The track or tracks of the Paducah Northern Railroad, entering the city limits at the point where the main track or tracks enter same under terms of this ordinance at or near Twenty-fifth street shall have direct physical connection with or furnish ample railroad track facilities for physical connection with or ferry transportation to one or more steam trunk railroads other than the Paducah, Kentucky, within the period herein provided for the construction of the first main track from Twenty-fifth street near Kentucky avenue to the connection with the tracks of the Paducah, Tennessee and Alabama Railroad, and a failure on the part of said Paducah Northern Railroad to conform to the provisions of this section and to have trains and cars of such other steam trunk railroad other than the grantee or other railroad company now operating in Paducah, Kentucky, regularly operating from said trunk railroad or railroads over the said right of way of the Paducah Northern Railroad from Twenty-fifth street to the connection with the tracks of the Paducah, Tennessee and Alabama Railroad within the period of time allowed for the construction thereof shall forfeit all rights herein granted by the city of Paducah.

Sec. 21. At all times during the life of this grant it shall be the duty of the Paducah Northern Railroad

to physically connect its main track or tracks or furnish ample railroad track facilities for connection with or ferry transportation to its main track or tracks, extending from the connection with Paducah, Tennessee and Alabama Railroad to the western city limits of Paducah, to any trunk railroad desiring to enter the city of Paducah over the right of way herein granted from Twenty-fifth street to the connection with the Paducah, Tennessee and Alabama Railroad and a failure to do so shall annul this grant and the Paducah Northern Railroad shall forfeit all rights acquired hereunder, provided said trunk railroad or railroads have complied with all the terms of this ordinance governing use by railroad companies of the tracks of the Paducah Northern Railroad and have complied with the reasonable rules and regulations of the Paducah Northern Railroad governing the use of its tracks.

Sec. 22. A failure to construct and complete railroad tracks over any portion of the right of way provided for herein shall not invalidate the rights herein granted over any other portion of the right of way upon which the company shall have constructed and completed its line of railroad and shall have complied with all other conditions herein provided, but shall invalidate all rights herein granted over that portion of the right of way which the grantee herein shall not have constructed its tracks and otherwise complied with the terms of this grant within the time hereinbefore stipulated.

Sec. 23. All of the conditions herein set out shall prevail against the grantee as to all tracks owned, controlled or operated over by the grantee or any railroad company operating over the tracks of the grantee and a failure to so provide in any contract for the use of any track used, owned or controlled by the grantee or any railroad company operating over the tracks of the grantee or mutually used by the grantee and any other railroad company shall invalidate all rights granted herein and this ordinance shall become null and void.

Sec. 24. This ordinance shall take effect from and after the passage, approval and publication.

# CATARRH BLOOD UNHEALTHY SYSTEM DERANGED

The entire inner portion of the body is covered with mucous membrane; this membranous tissue is abundantly supplied with blood vessels, veins, arteries, and capillaries. Each of these is constantly supplying to this tissue of living, blood to nourish and strengthen it and keep the system healthy. When the blood becomes infected with catarrhal matter it is not able to furnish the required amount of healthful properties, but feeds the parts with impurities which disease the membranes and tissues so that they become irritated and inflamed, and Catarrh, with all its disagreeable and dangerous symptoms, is established in the system. There is a constant ringing in the ears, a thin, watery discharge from the nostrils, the breath has an offensive odor, slight fever often accompanies the disease, and gradually the entire health becomes affected and the system upset and deranged. In its earlier stages, when Catarrh is confined to the nose and throat, sprays, washes, inhalations, etc., are soothing and in a way beneficial, because they are cleanly and usually antiseptic, but such treatment has no curative effect, because it does not reach the blood. To cure Catarrh the blood must be purified, and this is just what S. S. S. does. It goes down into the circulation and attacks the disease at its foundation; it removes the cause and makes the blood pure and healthy. Then the blood vessels are filled with fresh, reinvigorated blood, which is carried to all the mucous surfaces and linings, the inflammation and irritation are corrected, the symptoms all disappear, the health is improved and Catarrh is permanently cured. Book on Catarrh and any medical advice free to all who write.

## DESTROY THE CAUSE.

You Cannot Cure Dandruff Without Destroying the Cause of It.

Many people wash their scalps Saturday night or Sunday to try to keep the dandruff down for the week, but on Monday night the scalp has begun to itch, and Tuesday morning will find a good supply of dandruff when the hair is brushed. There is but one real scientific way of curing dandruff, and that is to kill the germ that causes it, and falling hair, and finally baldness. There is only one preparation that will destroy the germ, and that is Newbro's Herpicide. It is an entirely new discovery and the only hair preparation that is based on the new scientific principle. In addition Herpicide is a very refreshing hair dressing for regular toilet use. Sold by leading druggists. Two sizes, 50c and \$1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.—R. W. Walker Co., Special Agents.

## SKIN CURE A SIMPLE WASH.

External Remedy for Eczema Sufferers Greatly Simplifies the Treatment.

If you are suffering from any burning, itching skin disease, the only way to cure it is to go right after the real trouble—to cure the skin itself. Thousands of patients have suffered for months in vain attempts to doctor their blood when the whole trouble was bacilli feeding upon the skin and causing the unsightly blotches and sores.

Skin specialists now prescribe a simple liquid wash, easy to apply, which gives instant relief. This remedy is composed of oil of wintergreen, to which are added healing vegetable remedies. Oil of wintergreen alone will not cure but a co-ter of experts in Chicago, headed by a noted specialist, experimented with other medicinal properties until they found the proper preparation. The result of their efforts is called D. D. D. Prescription, a cure specific for the cure of skin diseases.

Here is only one instance of what D. D. D. Prescription has done. "My little girl's head was a running sore," D. D. D. Prescription has cured her sound and well."—B. L. Hipp, Phil Campbell, Ala.

If you are suffering from any skin disease, would it not pay you to try one bottle of D. D. D. Prescription? You probably have spent many times the cost of one bottle vainly trying to stop that awful burning itch.—R. W. Walker Co., Call at our store for a free booklet on the care and nutrition of the skin with suggestions as to the use of D. D. D. Soap. This valuable booklet is absolutely free.

lenny the house.  
Milton Oliver's stallion broke out of the stable about midnight on the night of the raid. Robert and Oscar Gray, his farm hands, assisted him to get the animal back in the stable.

Joseph Murphy stayed all night at John E. Hollowell's and did not hear of shooting until next day.

Lucian McKinney, Will Turner and Freeman Pierce stayed all night with Othman Knabb, a quarter of a mile from the Hollowells. All heard shooting, went on porch, but did not leave yard. Miss Ella Knabb testified that all were at home when the trouble occurred.

Will Larkins' cattle got out that night and he was busy corralling them. He was the nearest neighbor to Hollowell, but did not go near even the next morning. His 15-year-old son testified as to his father's whereabouts the night of the shooting.

Sid Smith was at home. He talked to a hired hand in the dining room at 9 o'clock and went to bed. He heard on Christmas that he was accused of participating in the raid.

James Hyde's baby had the croup about midnight. He went for Dr. Setzler at Lamaseo. Dr. Setzler testified to the visit. He is a member of the association, but not a tobacco grower.

Malachi Pickering was doctoring a horse that had the colic from 12 to 2 o'clock on the morning of the trouble. Buck Lacey and George Tandy, neighbors and defendants, were called in to assist him.

Urey Lacey was at home, according to testimony of himself and Tom

North Third Street Just Off Broadway.

## AGREE ON DATE TO END CONGRESS

Leaders of House and Senate Decide on May 23.

Financial Question to Be One of Few Topics to Be Discussed in House Until Senate Catches Up.

## APPROPRIATION BILLS PASS.

Washington, May 12.—At a conference between the leaders of the house and senate it was practically agreed that congress shall adjourn May 23.

The house devoted its time to the consideration of miscellaneous business. A bill authorizing the appointment, as an addition to the regular military establishment, of 50 captains to command the Philippine scouts was passed. Other bills passed were:

Amending the homestead laws so as to permit an entry of 320 acres instead of 160 non-irrigable public lands in western states; and one authorizing the drainage of certain swampy lands in the Red Lake Indian reservation, Minnesota. A bill allowing Idaho and Wyoming two million additional acres of land for reclamation was defeated.

**Big Appropriation for Forests.**  
The senate passed the agricultural appropriation bill, carrying \$12,142,146. For buildings, roads and making other permanent improvements in the national forests, \$1,600,000 instead of \$500,000 as provided by the house was appropriated, giving one-half the amount asked by the chief forester. The bill provides that 25 per cent of the income from the national forests shall be paid to the states in which they are located, this money to be expended for road and school improvements in counties in which reserves are situated.

When food seems to nauseate take Kodol. Take Kodol now and until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by all druggists.

## HOLLOWELL CASE

(Continued from page one.)

**Association on Trial.**  
The hearing of the evidence of the defense yesterday afternoon proceeded without unusual interest except in the examination of Dr. Morrill, an nigh witness for John Turner, whom he was called to see at midnight on morning of the trouble, and John Gray, whom he awakened and told about it upon his return home to Otter Pond. On cross-examination by Attorney John G. Miller the doctor admitted having taken an active interest in the trials, and when asked for an explanation he said he did so because he believed that the tobacco growers' association, of which he is a member, though not a grower, was on trial as well as the defendants. He admitted making the examination in the court room yesterday while an important witness was testifying, that "he is a liar!"

The doctor was asked about approaching J. H. Radolph, a member of the former jury which tried the case, and was about to answer when Judge Evans admonished him that he might make statements that would cause himself serious trouble and the doctor did not answer the question. He admitted inquiring of the men who composed the previous panel before they were sworn in the case, whether any were prejudiced against the association.

As in the first trial the defense relied entirely on alibi and no effort was made to deny that the outrage was committed at Robert Hollowell's home. A majority of the defendants all lived in the same neighborhood where the trouble occurred, but none went to the assistance of the attacked or even went there next day. They professed friendship for the Hollowell family, however. With few exceptions, they remembered some trivial occurrence that awakened them the night of the raid, and members of the family and visitors who were present got up and saw the defendant was there and went back to bed. They thought no more of the occurrence until ten months later, when they were served with summons by Deputy Marshal Elwood Neel.

According to statements of witnesses membership of the Dark Tobacco Growers' Protective Association in Caldwell county is not composed entirely of tobacco growers, but doctors, preachers, lawyers, hired hands and small boys all belong, though none could tell how a man could get in unless he had tobacco to pledge.

**The Alibi.**  
John W. Hollowell's alibi was testified to by his son and daughter, who stated they and another brother slept in the same room with their parents and that about midnight they heard their father speak to the boy, Earl.

Wallace, Firm and Edgar Oliver were at home, according to their statements and that of their mother. They heard the shooting, but did not

## How to Cure Liver Trouble

There are usually several ways to do a given thing, but it is the aim with all of us to find the best and shortest way. It is just so in the cure of disease. People suffering from liver trouble imagine that all they have to do is to take some thing that will "lysic" them. There is more than that in the cure of so serious a disorder as liver trouble.

When that drowsy, clogged up feeling comes on you go to a drug store and ask for a 50 cent or \$1 bottle of Dr. Caldwell's Syrup Pepsin. Take a dose or two and watch results. It will not only clean out the bowels and stimulate the liver, but it will get the blood to circulating so that you feel active again, and arouse the functions of the stomach so that your appetite returns and you feel like your old self again. A simple laxative or purgative could not do that. Dr. Caldwell's Syrup Pepsin is not only a wonderful laxative but it has tonic properties, so that, unlike so many other things, instead of leaving you weak and drawn it builds you up and strengthens you.

It does not gripe—it acts smoothly, oiling the intestines so that the passage is smooth and agreeable. It is gentle but effective, pleasant to the taste and pure in quality. It is an excellent, economical House Care, and its results are permanent. It is absolutely guaranteed to do what is claimed for it.

Use it for occasional or chronic constipation, dyspepsia, indigestion, biliousness, sour stomach, bloated stomach, flatulency, diarrhea, and the dozen and one other ills of the stomach, liver and bowels. It is the greatest of household remedies and no family should be without it because in a family someone at any moment may need such a laxative and then you will appreciate having Dr. Caldwell's Syrup Pepsin in the house.

**FREE TEST.** Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get your most effective laxative for children, women and old folks. A guaranteed, permanent home care. **THE PUBLIC VERDICT:** "No laxative so good and sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears purity guarantee No. 17, Washington, D. C. **PEPSIN SYRUP CO.** 107 Caldwell Bldg., Monticello, Ill.

## IMPORTANT DECISION

Case of much interest was tried last Tuesday before Judge Emery, where George Picklin, of this city, was charged with selling intoxicating liquors, and the evidence showed he sold Dr. Elzy, Cremo and Vivo, prepared by A. M. Laevison & Co., and the proof will want to show these beverages were non-intoxicating, and the case was dismissed, as no violation of the law could be proven.

The decision of the court will act favorably with the sale of Dr. Elzy, Vivo and Cremo, which are prepared and sold by A. M. Laevison & Co., of this city.

## WIND DESTROYS WESTERN TOWNS

### Death and Destruction in Wake of Tornadoes.

School Children Hurt When Building  
Near Rock Island Was De-  
molished.

### THE DESTRUCTIVE WIND BELT.

Woodward, Okla., May 12.—A suc-  
cession of tornadoes swept over the  
district lying twenty-five miles south-  
west, south and southeast of Wood-  
ward into yesterday and last night.  
Several small isolated towns, all off  
the railroad and without telegraphic  
communication, are reported destroyed;  
many persons have been injured,  
and several are reported killed.

Seven towns are reported to have  
suffered damage more or less severe.  
They are Grand, Arnett, Vied, Mutual,  
Estelle, Cooley and Richmond. At  
each place casualties are said to have  
resulted.

Grand, the county seat of Ellis  
county, is said to have been wholly  
wrecked. All these places are twenty-  
five miles from a railroad. Wires are  
down and it is difficult to obtain de-  
tails.

School Children Injured.  
Rock Island, Ill., May 12.—A tor-  
nado this afternoon swept through  
Mercer and Henry counties, touching  
several towns and doing considerable  
damage. A Mrs. Galtch was killed  
at Cleveland where the storm demol-  
ished a school building. It is reported  
several children. The Rock Island  
road at Colona was wrecked. At Mil-  
lerville fifteen houses were destroyed  
or damaged and two persons injured.

Sand Drifts Stop Business.  
St. Louis, May 12.—Wind virtually  
closed up business in East Alton, Ill.,  
with sand. Store fronts were covered  
by sand drifts that backed up like

snow. The wind carried sand from  
the Antrlean bottoms along the Mis-  
sissippi river.

One Dead Near Madison.  
Madison, Wis., May 12.—George  
Pull was killed and thousands of dol-  
lars damage was done to buildings by  
a tornado which struck Sun Prairie, a  
village 12 miles east of Madison.

Live Stock Perished.  
Dubuque, Iowa, May 12.—A tor-  
nado swept southwest of Dubuque,  
wrecking out-buildings and killing  
live stock. No one reported injured.

Kennedy's Laxative Cough Syrup does  
not constipate, but on the other hand  
its laxative principles gently move the  
bowels. Children like it. Sold by all  
druggists.

## PTOMAIN POISON

CAUSES DEATH OF MISS LENA  
EDWARDS AT ST. LOUIS.

Well Known Young Woman of Lone  
Oak, Entirely Victim of Grim  
Reaper.

Miss Lena Edwards, 30 years old,  
and a daughter of Mr. and Mrs.  
George W. Edwards, died this morn-  
ing in a hospital in St. Louis follow-  
ing an operation. A month ago she  
was taken ill with ptomaine poison-  
ing, and she had not recovered com-  
pletely and the operation was per-  
formed in an effort to save her life.

Miss Edwards lived in Paducah for  
about 15 years, but for the last three  
years she had resided in St. Louis.  
Besides her parents, who lived at  
Lone Oak, she leaves two sisters:  
Mrs. Mary E. Pinkard and Mrs. Wil-  
liam Hunter. She was born in Cal-  
vert county, Ga., but came to Paducah  
with her parents 17 years ago. The  
death came as a surprise to her  
family, as no message of her serious  
illness had been received directly un-  
til this morning, and soon after the  
news of her death came. The body  
is expected to arrive tomorrow, and  
no funeral arrangements will be made  
until then.

## FRAMING UP FOR TAFT WALK-AWAY

### Party Leaders Working to Pre- vent Any Break.

All Kinds of Combinations at Capital  
to Ditch Fairbanks, Cannon and  
Hughes.

### FEAR OF LOSING THE HOUSE

Washington, May 12.—Republican  
leaders in congress are now working  
earnestly on a plan to prevent any  
break at the Chicago convention that  
might disrupt party harmony and en-  
danger defeat at the polls in Novem-  
ber. Conferences have been held  
among such men as Senators Aldrich,  
Hale, Allison and Crane, and Repre-  
sentatives Payne, Sherman, Tawney,  
of Minnesota, and Jenkins and Smith,  
of Iowa.

The conferences have been directed  
to one end—nomination on the first  
ballot by which they mean Taft. That  
the efforts of those back of the har-  
mony movement have not been barren  
of results is indicated by the fact  
that to a number of the conferences  
have been called such men as Sena-  
tors Hiramson, Penrose, Cullom,  
Hodges and Depew, and Representa-  
tives Parsons, Vreeland, Hottell,  
Mann, Burke, Dabell, Watson, Lan-  
dis and others who are backing the  
candidacy of Fairbanks, Cannon,  
Knox or Hughes.

No attempt is made to disguise the  
fact that the real impetus of such  
concerted movement in the interest of  
Taft is the refusal of the Roosevelt  
sentiment to be snuffed out and dan-  
ger of such sentiment spreading to  
an extent that it might be difficult  
of control at Chicago. At the same time  
it is said that the movement is not  
hostile to Roosevelt, who unwillingly  
occupies a position of command in  
the Taft forces. He has made it per-  
fectly plain that nothing can come of  
renewed calls for his renomination,  
as he is prepared to reject any proffer  
of support no matter how extended.

House Majority in Danger.  
There are leaders in Illinois, In-  
diana, Pennsylvania and New York  
who are parties to the movement  
with knowledge of "favorite son"  
candidates from those states. The  
harmony action is made because of  
the fact that he is the only candidate  
who has a sufficient number of in-  
structed votes to promise an early  
nomination.

Republican leaders concede that  
their majority in the house is likely  
to be materially reduced at the fall  
election, and they fear that unless all  
fractions are brought together before  
the Chicago convention they might  
lose their majority altogether.

One side of the plans discussed  
favorably is the renomination of Fair-  
banks as vice-president on a ticket  
with Taft, which it is asserted would  
remove Indiana from the doubtful  
column. It is believed also that with  
the Republican forces solidly aligned  
Taft could easily carry Illinois and  
harmonizers are willing to concede  
Cannon's re-election as speaker by a  
Republican house. There is a move-  
ment on already to bring about the  
renomination of Hughes as governor  
of New York, and an effort is to be  
made to bring Taft and Foraker to-  
gether which, it is thought, would  
make Ohio safe.

Louisiana Selects Taft.  
New Orleans, May 12.—With in-  
structions to vote for Taft these dele-  
gates at large were selected by the  
state convention: Pearl Wright, New  
Orleans; H. C. Warnoth, Lawrence;  
Henry McCall, Louisville; A. B. Ken-  
nedy (negro), New Orleans.

Michigan to Fall in Line.  
Grand Rapids, Mich., May 12.—  
Every indication is that the Republi-  
can convention will be unanimously  
for Taft, and that he will be given a  
sweeping endorsement. The men  
whom it is generally conceded will  
be selected for delegates at large are:  
E. D. Stair, Detroit; John W. Hod-  
gett, Grand Rapids; F. W. Gilchrist,  
Alpena; James McNaughton, Calu-  
met.

### Their Secrets.

Secrets of the organization leak out  
frequently, and an attorney here said  
that he, if not known, could work his  
way into any lodge of night riders.  
"He's inside" is the way they refer  
to one belonging to the organization.  
Among the things, in which all night  
riders are drilled, are never to resist  
an officer of the law, and never to kill  
a soldier. They fear martial law  
above all other things.

Nearly all the men arrested in Lyon  
county were able to furnish bond. Ed  
Timmons surprised the authorities by  
easily putting up \$1,000 bail. Two  
years ago he was arrested for shoot-  
ing his father-in-law, William Scott,  
and he laid in jail over three months,  
unable to furnish bond of \$200.

## MR. RAFFLES HAS AN INTERESTING TIME MONDAY

(By the Mysterious Mr. Raffles.)

I stated my morning's adventure  
by approaching Broadway at the cor-  
ner of the postoffice, where my at-  
tention was attracted to two men  
"chewing the rag" between the Ken-  
tucky theater and the laundry. There  
was a man on a ladder painting a  
sign, who was deeply interested in  
the argument, as he was in rather  
close quarters. As near as I could  
tell one of the men had what looked  
to be an iron rod in his hand defend-  
ing himself to the best of his ability.  
After the argument warmed up to  
the pitch where I thought there was  
going to be "something doing" the  
other man reached in his hip pocket,  
pulled out something and threw it at  
his opponent. I noticed a lady in the  
middle of the street making her way  
in a few moments a police-  
man came around the corner of Fifth  
and Broadway. I did not linger long,  
so I did not stay to see the finish.

After leaving the corner I jour-  
neyed down Broadway until I came  
to the Bellevue hotel, where I no-  
ticed several soldiers standing around  
in front of the hotel. After spout-  
ing around in that vicinity for some  
time, I crossed the street, walked up  
the opposite side until my attention  
was attracted to Hank Hros', hard-  
ware window and I viewed a clever  
model of a boat made of all different  
kinds of hardware. After leaving  
this window I retraced my steps back  
to the opposite side of Broadway and  
leisurely strolled up the street until  
I came to the Palmer House soda  
and ice cream parlor, where I stopped  
and purchased a cool and refresh-  
ing drink. I was waited on by a young  
man with rather light hair, which  
was parted in the middle. He wore  
a white pleated shirt, dark red  
striped bow tie and was in his shirt  
sleeves.

After leaving the ice cream parlor  
I stood on the corner of Fifth and  
Broadway. My attention was attract-  
ed to a couple of beautiful and well  
dressed ladies standing in the door-  
way of R. W. Walker & Co.'s drug  
store. One of the ladies wore a  
black and white princess dress, which  
looked very neat and attractive. The  
other lady completed the picture,  
wearing a nicely tailored blue dress,  
straw colored hat, trimmed with  
bright green wings, which set off her  
beautiful red hair, intermingled with  
curls and puffs. Now, ladies, you  
looked me square in the face and  
failed to recognize me, and missed  
the opportunity of being \$100 richer.  
Watch me closer next time and you  
may succeed.

After leaving this corner I crossed  
the street and walked down until I  
came to Henneberger's hardware win-  
dow, and noticed a sign which read  
something like this: "We cordially  
invite the Mysterious Mr. Raffles to  
visit our store and look at our  
ranges."

Gentlemen, I accept that invita-  
tion, and will call some time this  
week, so keep your eyes open for  
me, for I need a range to bake some  
of the funny jokes I hear as I walk  
down the street about The Mysterious  
Mr. Raffles.

I later returned to my place of  
residence and breathed easy and  
thanked the stars that I passed my  
morning's adventure without being cap-  
tured.

down the street about The Mysterious  
Mr. Raffles.

I later returned to my place of  
residence and breathed easy and  
thanked the stars that I passed my  
morning's adventure without being cap-  
tured.

Mr. Raffles' Afternoon Adventure.  
I started my afternoon adventure  
and approached Broadway at Third  
street. An amusing sight that at-  
tracted my attention was a package  
of tin cups blowing over the street.  
After taking a good, hearty laugh I  
strode up the street and visited the  
Kozy theater. I found the Kozy the-  
ater to be a neatly arranged place of  
amusement. The pictures were very  
interesting and instructive. While in  
the Kozy theater I noticed Policeman  
No. 14. I had my eye on him, but  
he failed to recognize me.

After leaving the Kozy theater I  
walked down to Fourth and Broad-  
way and stood on the corner and pre-  
tended I was waiting for a car. I  
looked into the faces of two jolly,  
good-natured policemen, No. 19 and  
No. 36. After standing there a while  
I noticed Policeman No. 36 walk  
down the street toward the river. I  
retraced my steps up Broadway until  
I came to the postoffice. I entered  
the postoffice through the Broadway  
entrance. I noticed several elderly  
gentlemen standing around the en-  
trance talking. I walked through the  
postoffice and past the general de-  
livery window. I noticed two gen-  
tlemen calling for their mail. I  
think they had me spotted, so I did  
not stop and ask for my mail, but  
went on out through the Fifth street  
entrance. Anyhow I will call tomor-  
row and call for my mail between the  
hours of 4 and 5. So meet me  
at the postoffice tomorrow afternoon  
and you will have a good chance to  
capture me! I later returned to my  
residence to prepare for my visit.

### Mr. Raffles' Evening Appearance.

As I was entering the Kentucky  
theater I noticed a large red auto-  
mobile standing in front of the en-  
trance with a very handsome dog sit-  
ting in the front seat. After making  
my entrance I noticed in particular  
two amateur sleuths who had been  
trying very hard in the early part of  
the evening to locate me. The  
stouter gentleman wore a brown suit,  
the tall gentleman wore a light suit.  
I wish to ask this gentleman if he  
enjoyed his rocking chair in the alley.  
But never mind, gentlemen, you did  
very well for amateurs.

I found the Kentucky theater to be  
a very cool, comfortable theater,  
modern and up-to-date in every way.  
The illustrated song entitled "I Am  
Looking for a Boy Like You" was  
handled very successfully by Miss  
Farnbaker, who has a very charming  
voice and pleasing appearance. Baby  
Scruggs made a great hit and as well  
worth the price of admission alone.  
The pictures were very comical and  
erected a great deal of laughter.

I later returned to my residence  
and breathed the air of freedom after  
a hard day's work.

For cuts, sprains, bruises, rheumatic  
and all other pains, use McLean's Volatile Oil  
Liment. First sold in 1892, with the same  
effective remedy in 1904. Good for uses of  
beast, 25c, 50c, and \$1.00.

Beware of a tight man when he  
succeeds in breaking loose.

—Engraved invitations, cards, au-  
tonomements, embossed stationery,  
etc., give the best satisfaction—fine  
and quality—if you get it at The Sun.

### SPRAGUE SUSTAINS LOSSES.

Big Towboat Strikes Pier and Loses  
Two Coal Boats and Barge.

Evansville, Ind., May 12.—The  
huge towboat Sprague was struck  
against the piers of the Louisville &  
Nashville bridge at Henderson, Ky.,  
twelve miles below here, and lost two  
coal boats and a barge. The Sprague  
passed here this morning and owing  
to the fact that a heavy wind was  
blowing at the time the tugboat bar-  
bells accompanied the big boat to

Henderson to help her through the  
bridge. The barges struck the middle  
pier of the big bridge and sank in 50  
feet of water. The rest of the fleet  
escaped injuries. The loss to the  
larges is estimated at \$5,000 and the  
coal lost was also worth about the  
same amount. After the accident the  
Sprague continued on her journey.

—Office stationery of all kinds;  
programs, announcements, invitations,  
visiting cards, business cards, book-  
lets; and printing of all kinds at The  
Sun.

## CATCH RAFFLES

Mr. Raffles will be in and out of  
our store Wednesday afternoon be-  
tween the hours of 3 and 5 and  
we invite everyone to call at our  
store and try to catch this mysteri-  
ous individual. Remember, if you  
are successful in our store you get  
a reward of \$125. Come and  
watch for him. You have our  
best wishes.

**L.W. HENNEBERGER COMPANY**  
"THE HOUSE OF QUALITY"

See our display of goods in window purchased by Raffles  
from time to time.

## \$125 REWARD MR. RAFFLES

Will be at McPherson's Drug  
Store Between the Hours of  
2 and 6 p. m. Wednesday,  
May 13.
